

Lt. Governor Candidate Jenean Hampton  
Introduction

It is my pleasure to introduce a lady whose life exemplifies what it means to achieve the American Dream.

During her humble beginnings in inner city Detroit, she found inspiration while watching NASA space launches on television. She knew that if space travel was possible, anything was possible.

She later joined the Air Force and served as a Captain in Operation Desert Storm in Saudi Arabia. Following her service there, she went on to receive an MBA from the University of Rochester.

Currently, she celebrates 14 years of marriage with retired US Air Force Officer, Dr. Doyle Isaak. As a strong conservative voice in Kentucky, she is devoted to improving the lives of those around her. Ladies and gentlemen, it is an honor to present to you, Lt. Governor Candidate Jenean Hampton.
