

THE HOLE STORY

**GOOEY NUTELLA, LEMON CURD AND COOKIE CRUNCH...
OUR TASTE TEST TEAM TAKE A BITE!**

Tucked away next to Debenhams and Shakeaway, Doughnotts is the little doughnut shop with big dreams, and even bigger doughnuts. They have everything from a doughnut bursting with Nutella, to vegan cinnamon scrolls. When it comes to the difficult decision of choosing which one to buy, we've made your lives a whole lot easier. Here's a run down of our top picks...

THE WINNER!

SPECIAL 2

The unnamed 'Special 2' doughnut was a firm favourite amongst our team. Light, strawberry icing made for the perfect balance of flavours, complimenting a sweet and moist dough with an added crunch on top.

9/10

VEGAN CINNAMON SWIRL

Coming in at number 3, was surprisingly fluffy. Described by our panel as 'tasting like a cloud,' this sweet treat definitely did not disappoint.

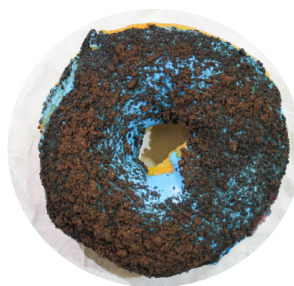

8.5/10

DOUGHTELLA

Another high scorer, Despite being one of the most difficult to eat. This filled dessert was love at first bite, a scoop of gooey Nutella surrounded by soft dough and dusted in sugar.

9/10

COOKIES AND CREAM

This bestselling doughnut is designed to remind you of the beloved sesame street character. Bright blue icing topped with crushed oreos made this creamy doughnut a highly praised candidate. But the high level of sweetness knocked it off top spot.

7.5/10

POWDERED LEMON

An acquired taste for some, this powdered doughnut filled with lemon curd, smelled and tasted like a summer's day. Zesty and light, the flavours were spot on, but it was let down by the uninspiring dough, so not an all-rounder.

6/10

RED VELVET

Similar to Cookies and Cream, 'Red velvet' has been placed on par with the previous. Perfectly balanced, not too sweet, and with a healthy amount of crunch, think of this as the sister to the Cookies and Cream.

7.5/10

SPECIAL 1

Topped with generous chunks of Hershey's chocolate and crushed golden biscuit, we were smitten. Despite its exterior, beyond the topping there wasn't much to the actual doughnut. Perfect for the 'gram but not the taste buds.

6.5/10
