
President's Message: June 202
MONAT Global

Leap MONAT
2020

LEAP Into Action!
June 2020

Incredibly, we're approaching the midpoint of a year none of us could have predicted—a year in which so much has changed since we launched **LEAP** as our theme in January. And yet, one of the most incredible things about 2020 is the undeniable, unshakeable, **UNSTOPPABLE** spirit of the MONAT Family, and how everyone has answered the call to **LEAP Into Action!**

We're especially proud of our teams at B&R and our Distribution Center for continuing to provide the essential support that drives our business. To support these hardworking heroes, we've taken steps that include:

- Extensive safety and sanitation measures at both facilities
- Onsite nurses taking temperatures and evaluating each staff member daily
- Educational signage and video monitors throughout the facilities
- The implementation of multiple shifts to provide social distancing between production line workers
- Feedback and training for personal hygiene and hand-washing
- \$500 bonuses and free meals once a week as a thank-you for their incredible dedication!

MONAT Gratitude continues to LEAP Into Action as well:

- 50,000 MONAT Hand Sanitizer Gels plus Gratitude Kits, More Than a Lather and other products donated in the U.S., totaling more than \$208,000 in in-kind value
- \$248,000, raised through sales of the Helping Hand Gift Set, donated to Big Brothers Big Sisters of America, Horizons for Youth, Chance UK, SOS Children's Villages, and Irish Society for the Prevention of Cruelty to Children

Thanks to YOUR enthusiasm and engagement in the business, the all-around excitement about MONAT is at an amazing level. That means NOW is the time to **LEAP Into Action!**

As your year reaches the halfway point, take a moment to check your progress:

- *Where are you in relation to the goals you've set for the year? Ahead? Behind? Is it time to recalibrate?*
- *How can you maximize the current momentum in MONAT?*
- *How many lives can you IMPACT?*
- *How high and far can you LEAP during the second half of 2020?*

Make June your month to **LEAP Into Action** and prepare for spectacular success for the rest of the year!

Stuart A. MacMillan
President
