

### Why MONAT Colour Enhance?

Blonde, brunette or platinum, your color makes a statement. MONAT Colour Enhance ensures your color speaks with confidence, thanks to exclusive plant-derived blends of botanical extracts and phytopigments (phyto = plant).

*THINK YELLOW DERIVED FROM CHAMOMILE,  
OR VIOLET DERIVED FROM LAVENDER.*

### Why is it good for my hair?

Formulated for all hair types and both natural and color-treated hair, MONAT Colour Enhance products contain Crodasorb, an ingredient that helps protect hair from UV-B damage and preserve its natural strength.

### Can I combine it with other MONAT products?

Yes! Confidently alternate between Colour Enhance and your current shampoo and conditioner as you like, to meet your hair needs and maintain your desired color level.

### WHICH COLOR?

#### COLOUR ENHANCE BRILLIANT BLONDE

Shampoo & Conditioner

Enhances blonde hues and highlights, light-medium brown, and copper reds. Perfect for highlights or colors that look dull and need warmth.
