ELYSIAN
canine life + style

\EL-Y-SIAN\ adj. 1: resembling paradise; 2: a place without work or struggle; 3: blissful

Sometimes paradise can be a memory, a feeling, a place. For those of us who are lucky enough to share our lives with animals, it is often found in their company – simply being together.

Yedidah Glass (pet parent) and Magrick Lewis (pet sibling) founded Elysian with the goal of creating a world of beauty, humor and luxury for the stylish pet parent who appreciates modern, yet timeless design. By using sumptuous fabrics and surprising color schemes in ambitious new ways, and designing seasonally, Elysian canine life + style offers elegance, simplicity and fun in a true lifestyle line for dogs.

Elysian collections include small gems of pleasure for the ones we treasure. Whether it be a 'binkie' for your baby, a zen water bowl, or a seaglass inspired necklace, you will find exquisitely crafted items that enchant, indulge and delight.

At ELYSIAN canine life + style, it is our goal to share the good things with those furry little creatures who bring so much wit and wisdom to our lives, not only in our homes, but beyond. We thank you for the privilege of helping make your world – the world – more like paradise.
