# THE GLOW-IEST PLACE ON EARTH

The summer's splashiest and flashiest glow party is back! On Thursdays and Saturdays throughout the summer, Disney's Typhoon Lagoon Water Park will come alive at night during the popular Disney H2O Glow Nights, a separate-ticket event that draws its inspiration from the Disney•Pixar short "Partysaurus Rex," in which Rex throws a party in Bonnie's bathtub for all of her water toys.

Although there's no bathtub at Disney's Typhoon Lagoon Water Park, favorite "Toy Story" pals, including Woody, Jessie, Buzz (and new friend Forky) are once again throwing the ultimate beach bash. With a DJ by the main pool playing the hottest hits, special food & beverage offerings and more glow than ever, this is sure to be the party of the summer.

"Our icon, Miss Tilly, even has special lighting effects on her, and the party on the main beach has lights going like crazy," said Alex Seniguar, Recreation Guest Experience Manager.

To mimic the toys in Bonnie's bathtub, and in response to last year's party goers, a significant number more of pool floats have been added to the water. "With the animal floats and glow tubes we throw into the river, it really adds to the environment and helps with the 'you're at a glow party feel,'" Park Events coordinator Geyson Rosario said.

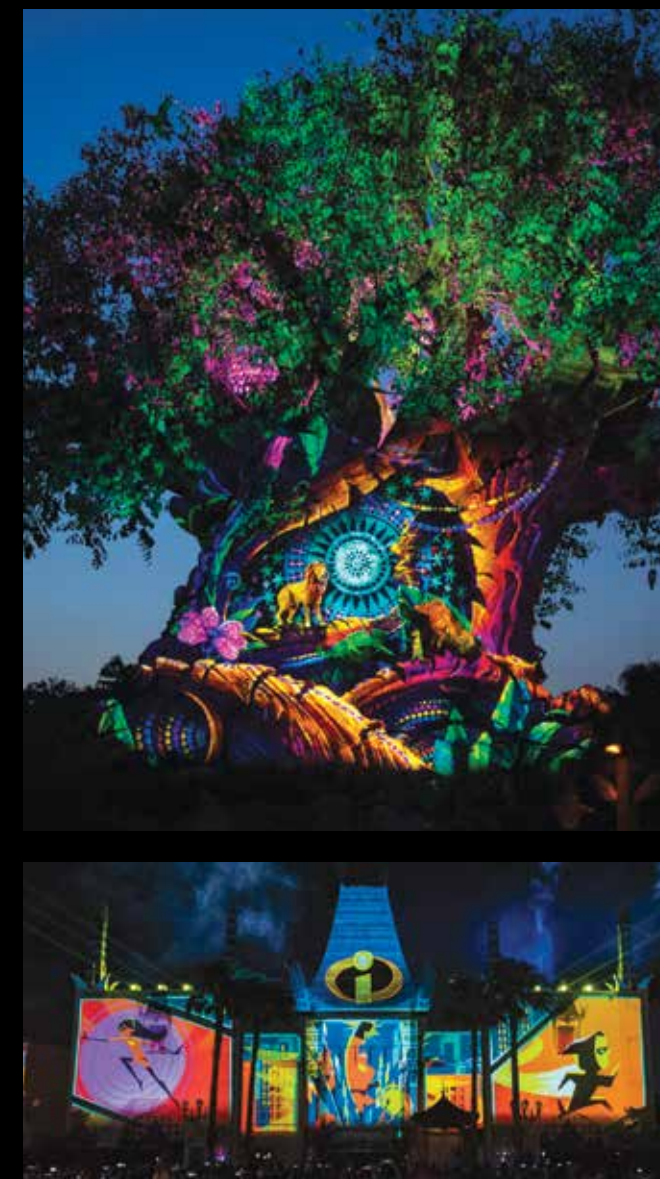

Don't miss out on Disney H2O Glow Nights themed merchandise, or forget to savor the food and beverage offerings exclusively available at the event. "We created dishes that were unique to party goers, but also still felt within theme. So, the food options are bright and colorful, and the plates even glow," said Alberto Womack, a Food and Beverage Guest Experience Manager.

This summer, make a splash and light up your night with fun at H2O Glow Nights!

Outside of the water park, our theme parks come alight in unique ways each night. At Disney's Hollywood Studios "Wonderful World of Animation" celebrates the wondrous world of animation each night on the façade of the Chinese Theater. And, since we can never lose sight that it all started with a mouse, Mickey Mouse starts and ends the show.

Over at Disney's Animal Kingdom Theme Park, two new experiences debuted over Memorial Day weekend. "Tree of Life: Awakenings" now has a new segment depicting Simba's journey to become the lion king, and "Rivers of Light: We Are One" blends together Disney nature and Disney Animation films to delight dreamers of all ages.

With an after-hour event, two new projection shows and a new nighttime spectacular, there is no shortage of fun at our parks when the sun goes down.
