

Healing belongs to YOU!

For over 40 years, the Holy Spirit has been invited to Healing School at the Southwest Believers' Convention, and He's never once stood us up. Not only that, but every year He's taken center stage and transformed the lives of those who have come expecting to experience God's healing power. His consistency has inspired us to expect nothing less than sicknesses to leave, including cancer to be removed and bones to be restored, all under the authority of one Name-Jesus.

Starting at 9:30 a.m., we'll find faith, vision and victory in the realm of healing at the Southwest Believers' Convention Healing School! Kenneth Copeland and Benny Hinn will teach what the Word has to say, then we'll spend time receiving healing as we stand together in faith as a corporate body. Even if you don't need a healing breakthrough, Healing School will give you a vision for living free from sickness and helping others do the same.

There's something special about being IN THE ROOM when the Holy Spirit moves. Come experience more and more, and more and more BLESSINGS than you ever have. You don't want to miss it!

Don't miss out, Register

God promised.
