You may be in a position in life now where you have sought God in faith for Him to heal you. Day after day, you have begged God for healing or even thanked Him for the gift that has already been purchased at Calvary. Yet, you haven't fully, or maybe at all, seen that treasured promise of healing come to fruition in your life.

God sometimes uses a process of healing to allow those that diligently seek Him in faith to grow closer and closer to Him as they progressively improve in health. Then, when the full healing comes, the Word of God they stood on and believed so confidently in will remain in them forever, protecting them from future attacks from the enemy. Once you realize that you are a miracle in motion and trust the process, no power in hell can keep you from your healing and intimacy with God!

## The Devil Hates Progress

Whether you have or have not seen healing take place in your life or the lives of others, be encouraged—God has healed, is healing and will continue to heal until Jesus returns to earth to reunite with His bride, the Church, and makes all things new.

In the meantime, we are still surrounded by our adversary, satan, who schemes to keep us from seeing God's will come to pass. 1 Peter 5:8 says, "Be sober, be vigilant; because your adversary the devil walks about like a roaring lion,

seeking whom he may devour” (NKJV). He finds pleasure in disrupting your relationship with God and keeping you from receiving miraculous gifts.

The main requirement to receiving the promises of God is faith. As James 1:6-8 says, “But let him ask in faith, with no doubting, for he who doubts is like a wave of the sea driven and tossed by the wind. For let not that man suppose that he will receive anything from the Lord; he is a double-minded man, unstable in all his ways” (NKJV). As living miracles in motion, we are progressing in faith and relationship with God toward the fulfillment of our complete healing.

Since it is a process, the devil tries his best to contaminate our faith, halting your momentum. One of the enemy’s favorite times to attack in your miracle process is in the middle because that’s where the progress is made, and he hates progress. A perfect example of this is found in the book of Exodus. When the Israelites were crossing through the Red Sea after leaving Egypt, satan influenced Pharaoh and his Egyptian army to chase them down and recapture them. The Israelites were halfway across their journey through the Red Sea, or halfway through their miracle, and they were still being pursued.

Thankfully for us, satan is unintelligent, and God is omnipotent. Once the Israelites made it to the other side, God brought the parted waters back together, drowning the Egyptians and sinking their chariots to the bottom of the sea. The devil despises your progress but he can only tamper with it if you let him. Stay in faith and trust that God’s mighty Word is the final authority in your situation!

## Nurture the Anointing

God may have blessed you with a full healing or may have given you part of what you have been asking for. Regardless of where you’re at in the process, it is essential you nurture the anointing that has been given to you, because He is not done working. You can’t fight a full-time devil as a part-time Christian. You must be vigilant and fully focused on nurturing the blessing God has given you, no matter the size.

As Christians, it’s crucial to be grateful about any progress you experience. Get happy about your situation getting better, even if it’s not completely healed yet. God wants to turn your experiences into testimonies that transform the lives of others, regardless of where you’re at in the process. Participate with God as you walk out your miracle by being grateful for current progress and expectant about what is to come.

## Rediscover Your Awe of God

The rise in technological innovations has become a weapon as the enemy is attempting to subvert the awe of God with the awe of technology. From AI to holograms, self-driving vehicles and more, satan wants the creation of man to amaze us more than the awe of God. Your defense against this attack is to recognize the enemy’s strategy and protect your appreciation for God. He was, is and will forever be the most awe-inspiring entity in existence and His faithfulness is the most extraordinary reality you’ll experience on earth. Where earthly innovations will fail, He never will!

As we increase our passion for Him, when He fully outpours the blessing, we’re able to give Him the appreciation He deserves. Maybe you are at the beginning stages or in the middle of your miracle right now. Begin to put a value on what you have already experienced and rediscover your awe of God for the unfailing faithfulness He has shown thus far. He’s been with you to this point, and He will not stop leading you now.

## You Are a Miracle In Motion

God wants you well. There is no question about that! Over thousands of years, there have been countless testimonies of God’s healing power touching people and healing them completely from all their diseases. From those with leprosy, to the crippled, the sick, and even the dead, God has redeemed people from the curse of death, raised them to life and blessed them with healing when they approached Him in faith.

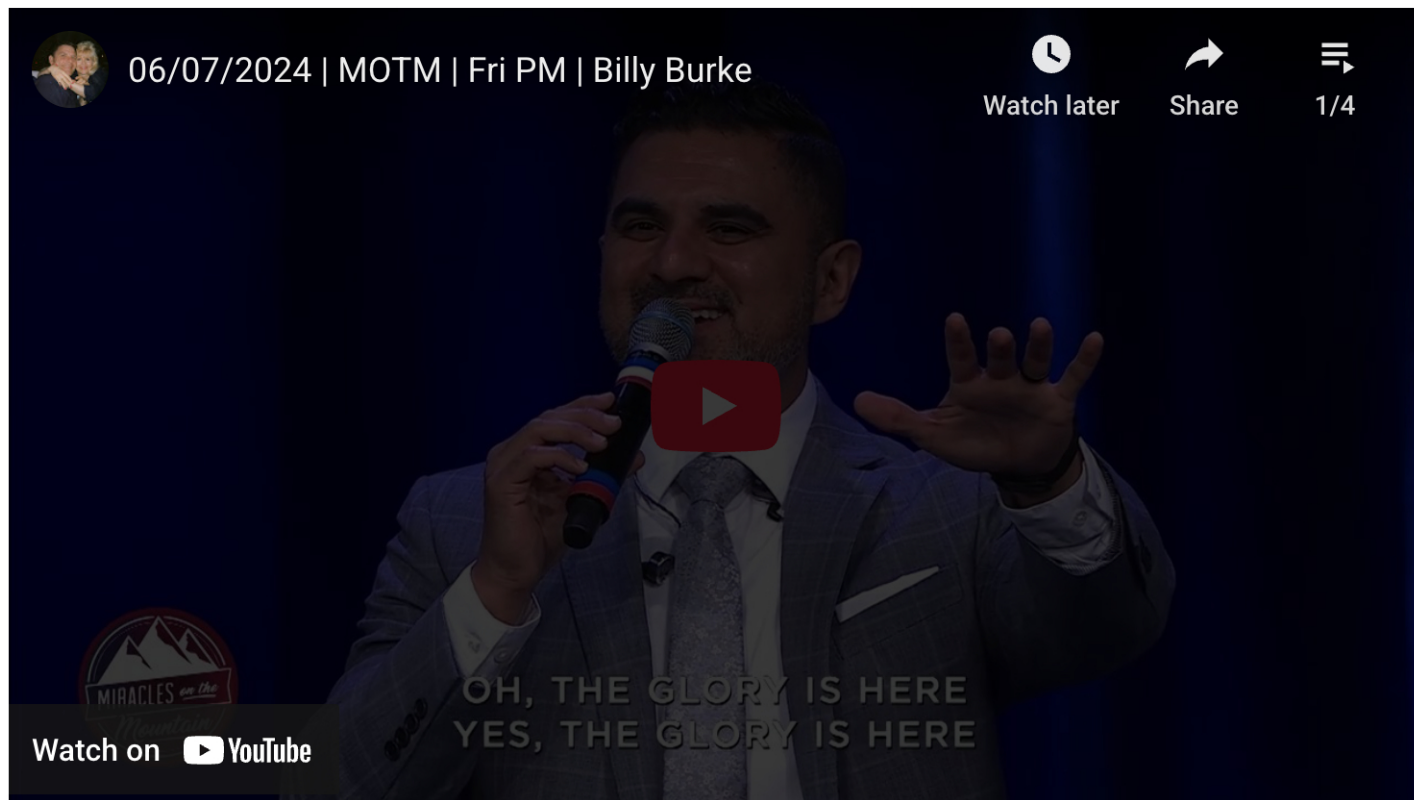

You may not have yet experienced the fulfillment of your miracle. You might be asking God why. Maybe you are

questioning if God even plans to heal you. Recognize today that **you are a miracle in motion**. God is drawing you in, bringing you closer to His heart, and providing you the chance to nurture your faith. When you experience the same healing that is written about throughout the Bible, you will have a heart of gratitude to thank God for it, the endurance to withstand the enemy in future fights, and the faith to keep what rightfully belongs to you. **You are a Miracle In Motion!**
