

# How Cheng Jer Wang DDS Clinic Restores a Patient's Faith in Dentists

Now Jo is not afraid to visit the dentists anymore

## Jo's Challenge

Nobody likes to visit a dentist, and Jo is no exception. She only visits when her family reminds her or when she suffers from a severe toothache.

Jo needed to visit a dentist this time for her cavities. She is prone to get cavities even without eating a lot of sweets. Her teeth are also more sensitive. It quickly leads to pain when she eats cold food and drinks which puts pressure on her teeth. She also looked for teeth whitening.

However, visiting a dentist is pricey and causes anxiety. That was when she discovered Cheng Jer Wang DDS Clinic.

*“Dr.Wang is funny and detail-oriented. He remembers all his patients and charges reasonably. I feel relaxed visiting him, which had never happened before! I will recommend Cheng Jer Wang DDS Clinic to everyone!”*

## Visiting Cheng Jer Wang DDS Clinic

What caught Jo's attention at first was Cheng Jer Wang DDS Clinic's reasonable pricing.

*“I think other clinics always try to sell you procedures and products that you don't necessarily need. They just try to get your money. Dr.Wang doesn't do that. Unless you need it; otherwise it will impact your health or the integrity of your teeth.”*

If that is the case, Dr.Wang will provide a range of options for the patients to choose from, offering different materials and pricing. Patients' well beings are always his priority.

Jo also discovered how relaxing and stress-free the clinic was: “Dr.Wang plays soothing piano music or radio in the background, so it is quite peaceful and calm.”

The dental chair faces a window with a beautiful mountain view. Dr. Wang also hangs dental posters on the wall, which are informative. He is patient and explains all the procedures to the patients. The experience changed Jo's impression of visiting a dentist.

## An Affordable Priced Clinic with a Straight-Talking Approach

**“** He remembers every single procedure he has done for his patients. So you feel like going back to somebody who knows you well.”

After the dental visit:

- **Whiter Teeth:** Jo's teeth are whiter and they look great in the mirror. That boosts her confidence.
- **Healthier Teeth:** She can eat more sweets as her teeth are in better condition.
- **Pain-Free Teeth:** She feels refreshed and painless.
- She becomes a recurring patient as she is satisfied with the treatments and experience.

Summing up Jo's visit, she used four adjectives: Cost-Effective, Punctual, Detail-Oriented, and Personalized to describe.

- Dr. Wang provides treatments at a reasonable price. He also offers a free consultation.
- He won't double-book patients, so there's no additional wait time.
- He does a very thorough job and the patients feel they get their money's worth.
- He is a traditional, old-schooled dentist. There's a personal touch, like going to a warm ma-and-pa restaurant instead of a cold chain store.
