We hope that everyone has been having fun in the Top Pride Tournament so far, cheering their favourite teams on and bonding with their fellow pride mates. Previously, we've dropped a few hints on the Top Pride Award, but we have yet another surprise in store.

On top of the Top Pride Award, all Match Ready Lions whose corresponding FIFA World Cup™ team wins the FIFA World Cup Qatar 2022™ will receive another special, even more exclusive NFT: the “King of the Savannah Award” collectible.

#### **Top Pride Award**

The “Top Pride Award” NFT will be airdropped to the pride with the highest number of points after both semi-final matches conclude. Remember, even goal differences matter should the contest be a close one.

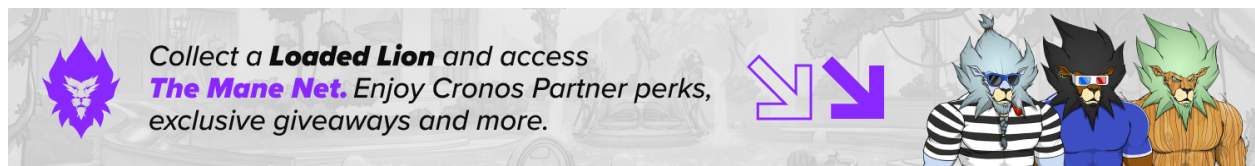

#### **King of the Savannah Award**

The “King of the Savannah Award” NFT will be airdropped to the “Match Ready Lion” NFT holders who have their Lions in a FIFA World Cup™ kit that matches that of the winning team of the FIFA World Cup Qatar 2022™. All participants should know which team they're rooting for and have their “Match Ready Lion” prepared by then.

**Snapshot date: 14 December 2022, 23:59 UTC**

For both “Top Pride Award” and “King of the Savannah Award” NFTs, do note that one will be airdropped to each eligible “Match Ready Lion” holder. Eg. If a user has two Match Ready Lions in the Top Pride, they

will receive two “Top Pride Award” NFTs. Now that users know what they’re playing for, may the best Pride win!

The FIFA World Cup™ is a quadrennial football competition which unites fans of the beautiful game from all around the world. In the same vein, we want “Loaded Lions” holders from every corner of the globe to unite over their passion for this project and become the strongest family in the NFT savanna. What better way to do so than with some friendly competition? Introducing our first ever team-based Mane Netizen competition, the Top Pride Tournament!

#### Four Proud Teams

For the inaugural Top Pride Tournament, participating Mane Netizens will be grouped into four different teams, also known as Prides, based on the special FIFA World Cup™ kit that their Match Ready Lions are wearing. Each Pride will contain Lions wearing the kits of eight different countries and are distinguished by the colour of their NFT’s background:

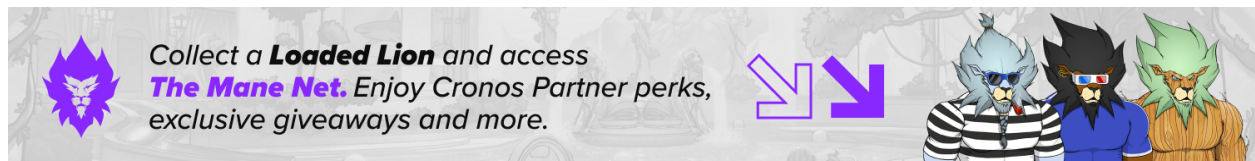

- Victorious Red: Qatar, Ecuador, Senegal, Netherlands, Spain, Costa Rica, Germany, Japan
- Jubilant Orange: Belgium, Canada, Morocco, Croatia, Brazil, Serbia, Switzerland, Cameroon
- Conquering Blue: France, Australia, Denmark, Tunisia, Portugal, Ghana, Uruguay, Korea Republic
- Triumphant Green: England, IR Iran, USA, Wales, Argentina, Saudi Arabia, Mexico, Poland

#### The Points System

When a FIFA World Cup™ team wins, loses, or draws, the Pride that it belongs to will earn points according to the breakdown below. After each stage, the points earned by each country will be consolidated and added to the Pride's total tally. There will be four stages where Prides can earn points:

1. Group Stage: Each win, loss, and draw from each FIFA World Cup team will earn the Pride 3 points, 0 points, and 1 point respectively.
  2. Round of 16: Each win will earn the Pride 4 points.
  3. Quarter-finals: Each win will earn the Pride 6 points.
  4. Semi-finals: Each win will earn the Pride 8 points.
- ★ Goal bonus: For every match, the total number of goals scored by each FIFA World Cup team will be added to the Pride's overall score as well.

The Pride with the most points by the end of the Top Pride Tournament will win an additional NFT, and will be announced after the World Cup concludes. We reserve the right to make tweaks to the points system as the tournament progresses to ensure that excitement is high and stakes higher!
