

How to Macrame (the easy way)

discover the joy of mindful making:
your journey to macramé

Thanks for joining our list! Here, you'll get monthly updates, sales, announcements and design tips. We're thrilled to have you!

where to start

I've been a teacher for 20 years then suddenly faced with a life changing condition, macrame has taught me that tangled in threads and laughter, beats the blues, one knot at a time. It's mindful magic rescued me.

HOW TO MAKE A MACRAME FEATHER

KIT FOR BEGINNERS!

Hello macrame lover!

Here is your quick & EASY, step by step guide into the world of macrame.

This friendly feather kit is everything you need to create your first beautiful macrame feather, with easy instructions and premium cotton cord included.

MATERIALS:

- 3mm cotton cord (included in your kit)
- Scissors
- Measuring tape
- Comb

CORD PREPARATION:

1. Take one 15cm cord
2. Fold EXACTLY in half
3. This becomes your central spine/anchor point

CORD LENGTHS:

- 8/10 working cords
- Each cord: 40/45cm long

ATTACHMENT METHOD:

1. Larks Head Knot directly onto folded 15cm base cord
2. Ensure knots are tight and centered
3. Alternate sides for symmetry

FEATHER TECHNIQUE:

1. Start center spine with tight vertical knots
2. Create diagonal half-hitch knots
3. Gradually widen knots towards outer edges
4. Leave longer loose ends for soft "feather" texture

FINISHING:

1. Trim edges at diagonal angle
2. Use comb to separate cord strands
3. Fluff and shape feather
4. Trim any uneven ends and....REPEAT! until you have the number of feathers you desire
