

# Follow our tips along the road to double your luck with Medicare success:

## **Offer an expansive nationwide dental network.**

Our dental networks:

- Are CMS compliant
- Can be leased individually or as a stacked solution
- Can be tailored to client-specific goals
- Include transparent fee schedules with pricing stability

## **Fill gaps with in-demand senior-focused solutions.**

- Ready-to-use plans for quick implementation and a hassle-free experience
  - For example, our senior-focused plan includes dental, vision, hearing and telehealth
- Custom, private-labeled solutions using any of our 150+ money-saving products and services
  - Health | Wellness | Lifestyle & Financial | Virtual Health

## **Reduce administrative burden.**

- With Plug-and-Play Solutions
- Licensed Enrollment
- Billing & Claims Administration
- Policy Fulfillment & Membership Communications

## **Assess your Medicare offerings.**

- We can identify gaps in offerings and develop a custom proposal for enhancements
