## **PODCAST EDITING EXPERIENCE**

Podcast Editor and Content Repurposing Specialist

**Stakkbitcoin Podcast** (Maryland, USA)

Remote | Oct 2021 – Nov 2024

- Edited weekly podcast episodes focused on Bitcoin education and crypto risk awareness
- Cleaned audio by removing stammers, long pauses, and repetitive dialogue
- Added branded lower thirds, subtitles, background music, and logo placement
- Extracted and repurposed key moments into high-performing YouTube Shorts
- Maintained visual and tonal consistency to improve retention and clarity
- Helped expand podcast reach through strategic short-form distribution

---

Podcast Video Editor

**Yi Meditate Podcast** (California, USA)

Remote | Jun 2024 – Dec 2024

- Edited weekly podcast episodes centered on meditation, spirituality, and mindfulness
- Repurposed long-form episodes into calm, engaging Shorts
- Applied soft transitions, soothing audio, and readable subtitle styling
- Preserved the emotional and meditative tone of each episode

---

Podcast Video Editor

### **LifeTalk Podcast**

Remote | Aug 2024 – Nov 2024

- Extracted impactful moments from full-length podcast episodes
- Repurposed clips into portrait-format Shorts optimized for social media
- Added branded subtitles, captions, background music, and logo placement
- Focused on emotional beats, storytelling, and viewer engagement

---

Podcast Episodes and Shorts Video Editor

### **Atlanta Discuss Podcast**

Remote | Jun 2023 – Nov 2023

- Edited weekly podcast episodes on Nigerian politics and global affairs
- Cleaned audio and improved pacing for professional delivery
- Added podcast branding, lower thirds, and subtle background instrumentals
- Identified and extracted key moments for YouTube Shorts
- Scheduled and uploaded content to YouTube

---

Short-Form content & Podcast Video Editor

### **Jump Out Girls (Maryland, USA)**

Remote | Oct 2024 – Present

- Edited podcast Shorts for YouTube and Instagram
- Crafted cinematic high-end podcast trailers to hook audience into the main episodes
- Optimized long-form pacing to improve flow, retention, and overall viewer experience.
- Visualized complex discussion points about bitcoin using creative edits and AI tools
- Optimized short-form content for audience retention and clarity

---
