Reno, NV, December 9, 2023 - Jaidyn A. Carlile announces the publication of her first collection of short stories and poems, *A Collection of Time and Memories*, are about the darkness within ourselves and the world around us. The collection will be available on August 10, 2024, for \$5.99, everywhere eBooks are sold.

The person in the mirror is “Not Me.” The feeling of the inevitable change and of oneself personified. The acceptance and understanding of the dark side of yourself on a psychological level.

Tick. Tock. The ever-droning sounds of the old grandfather clock is enough to drive anyone crazy. Especially when the droning ticks begin to sound like a human heartbeat. “Grandfather Clock” is a disturbing tale with an arbitrary twist.

The memories that are inevitably fleeting with time as your mind slips from your grasp and you spiral into the finale of “Death’s Symphony”. Your life reappearing before your eyes in the final moments before your time runs out.

This eBook is being published and distributed through **Draft2Digital.com**. This site is the world’s largest publisher of indie e-books. They allow authors to publish and distribute e-books to the industry’s major retailers, as well as provide e-books in a wide variety of digital formats.
