FACTS TO KNOW BEFORE YOU ENROLL

We asked our top advisors the most common questions people in the community had before they enrolled in Trinity Health Plan of Michigan (HMO).

1

If I'm changing plans, do I need to call my old plan and let them know?

No! When you enroll, your old plan will be automatically cancelled so there's no overlap in coverage. If you enroll during Medicare's Annual Enrollment Period (AEP), your coverage will begin on January 1, 2026.

2

Why do so many people opt for Medicare Advantage plans over Original Medicare?

A lot of people prefer the convenience and benefits of all-in-one Medicare Advantage plans, which limit your annual out-of-pocket expenses — Original Medicare doesn't. Medicare Advantage plans also usually include prescription drug coverage and other extras you can't get with Original Medicare, like dental, vision and hearing. When you choose Trinity Health Plan of Michigan, you get all these benefits and more with a \$0 monthly premium.

3

Is Cash Back, also called Medicare Part B giveback, too good to be true?

No, it's real! While Cash Back is a great benefit, you should review everything about a Medicare Advantage plan — including its annual deductible, annual maximum out-of-pocket amount and more — before enrolling to ensure it meets your needs. Plans with more Cash Back are usually most appropriate for people who are healthy, enrolled in Medicare Parts A and B and pay their own premiums.

4 What if the Medicare Advantage plan I enroll in isn't the best fit?

Our goal is to help you enroll in **the plan that's right for you**. But if you find yourself in a Medicare Advantage plan that isn't working out, you can simply switch to another Medicare Advantage plan or return to Original Medicare — with or without a Medicare Part D drug plan — between January 1 and March 31 during the Medicare Advantage Open Enrollment Period (OEP).

5 Can I continue seeing my current doctors and specialists with this plan?

Our network includes thousands of trusted doctors, specialists and medical professionals in Michigan's top local health systems — with no referrals required for in-network providers. Chances are pretty good that your doctor is already in our network. You can easily check on our website, **mi.trinitymedicare.com/PTN1**, or by giving us a call at the number below.
