What are the Biggest Singapore Esports Games?

The game of esports will never run out of things to offer you, and one of the things that they greatly excel in is giving you the finest esports matches. But among all the tournaments that you can opt for, allow us to break it down to you from the biggest tournaments that you can bet only here in **esports betting Singapore**!

Dota 2

Released in 2013, Dota 2 is one of the most popular esports games not only because of its thrilling nature but also because of its hefty amount of prize money up to \$355.1 million. It falls under the category of Multiplayer Online Battle Arena (MOBA) and is a sequel to the game Defense of the Ancients.

With the goal of depending on your own base, while destroying your opponent's "Ancient", it opens a chance for a thrilling gameplay. Among all, the International is the most noteworthy tournament that has ever been held in the world of esports.

Counter-Strike: Global Offensive

Another popular online game that you can opt for esports betting is **Counter-Strike betting**. It is a first-person shooter game developed by Valve Corporation. In this game, there will be two roles: terrorists and counter-terrorist. If you are a counter-terrorist, you need to save the hostage and defuse the bomb and vice versa.

PGL Major Stockholm has the most noteworthy tournaments that give a rewarding chance for countless players and bettors.

Fortnite

Developed by Epic Games, Fortnite is another popular esports game that has unfailingly given a vibrant and excellent functionality. With its seamless combination of battle royale and building mechanics, every player is just a step away from a fun and fresh playing experience.

Considering its popularity, it has two noteworthy tournaments, the Fortnite World Cup Finals and the Fortnite Fall Skirmish Series.

League of Legends

A game that has enormous popularity across the globe, particularly in Asia, [League of Legends betting](#), is a multiplayer online battle arena (MOBA) played by two teams to destroy their opponent's vital structure "Nexus".

Ever since it started in 2009, its most noteworthy tournaments include the LoL World Championship.

Valorant

Valorant is a free-to-play first tactical hero shooter developed in 2020 by one of the leading developers in the industry, Riot Games. Despite being relatively new compared to others, it has already made its name as one of the must-play esports games.

With its top-notch competition, most notably the Valorant Champions Tour (VCT), it has captivated the hearts of countless esports enthusiasts, not only to watch but also to bet on the game.

Overwatch

With Overwatch's dynamic mechanics and engaging nature, not to mention vibrant visuals, it unsurprisingly secured a spot among all the biggest games in [esports Singapore betting](#). Unlike other games, its whole theme is not serious or dark, rather it is set in the future and uses animated characters.

It was released in 2016 by Blizzard Entertainment and played in teams of six. With its popularity across the globe particularly in Asia, its noteworthy tournaments include the Overwatch League which has a million dollars prize pool.

Esports Game Categories

If you're a new Singaporean bettor, the most common esports categories that you might have heard of are Multiple Online Battle Arena (MOBA) and First-Person Shooter Game, but the truth is esports have more diverse categories than this.

Multiple Online Battle Arena (MOBA)

Let's start the list with one of the basic ones — MOBA. If you have played League of Legends or Dota 2 before, then this needs no further introduction, but if you haven't, don't worry because it will not be hard to comprehend. As the name implies, the game involves several characters that will be divided into two teams set in a strategic battle to destroy their opponents.

First Person Shooter (FPS)

Unlike multiple online battle arenas, FPS takes place in focus on a first-person perspective or simply through the eyes of one player they are controlling. In this category, players usually need to defray their opponents using a variety of in-game firearms and weapons.

Battle Royale

Battle Royale is another online multiplayer video game genre with a perfect match of the last-man standings and exploration. Although it's also multiplayer gaming, what makes it different from MOBA lies behind its approach. In Battle Royale, it's all about survival, not just simply destroying the opponent's main structure.

Other Esports Genre...

While MOBA, FPS, and Battle Royale are definitely some of the well-known esports categories, your choices are not only limited to this. It also includes Fight Game Community (FGC), Real-Time Strategy (RTS), Sim Racing, and Mobile.

Singapore Top Esports Betting Markets

Once you step into the realm of [sportsbook Singapore](#), one of the things that will make you love the game even more is its top betting markets. Not only do you have a great lineup of games to choose from, but you are also one of the best betting markets.

If you don't have much idea of what they could be, you can just simply refer to the following options below:

Match winner

This betting type is ideal for beginners, where they will just simply wager on which team will most likely win a single match. Compared to others, it is easy to comprehend which makes it ideal for anyone who wants a straightforward bet.

Tournament winner

Your option on who will be the winner of the game is not only limited to a single but also to a whole tournament. But to do this, you must be knowledgeable in the entire tournament and aware of the current status of each team.

Correct score

As the name suggests, you will bet on the final score at the end of the match. While it may sound simple, it comes along with some challenges but it will be all worth it if your prediction is correct with its high rewards.

Over/Under

The idea behind this bet is to wager whether the team will score more or less based on the specific amount set by the bookmaker. It includes betting on the total kills and map wins.

First blood

With regards to Singaporean esports betting, you can also bet on which teams will be able to kill the other team first. But to make this bet, you need to have enough knowledge for a more informed bet.

Handicaps bet

To add another layer of thrill to your gameplay, handicap betting is the way to go! Simply put, a handicap or disadvantage will be given to a team that is most likely to win and vice versa.

Special bet

Aside from the mentioned type of betting above, you can also opt for other types of special bets such as first map, odds/even bet, accumulator bet, doubles, triples, conditionals, and system bets.

Esports Betting Pitfalls: What to Avoid

Before this article ends, allow us here at Tipsportal to make sure your Singapore esports betting journey will definitely be a seamless one, especially if you are a beginner. You do not always have to learn from your mistake, you can avoid that mistake beforehand by learning all the necessary things in [online betting Singapore](#)

That said, here are the following esports betting pitfalls that you need to avoid:

- Playing without understanding the basics of the game
- Chasing losses
- Emotional betting

- Unrealistic expectations
- Betting on every esports game
- Wagering without research
- Having limited betting options
- Overlooking odds
- Lack of understanding of the game
- Not looking at the stats
