Did you know?

# Friends of the Clinton River Trail

Friends of the Clinton River Trail is a volunteer driven, nonprofit organization committed to promoting the Clinton River Trail as a safe and enjoyable destination. They work closely with the five cities that own the trail on its maintenance, development, and beautification. Currently, they are working hard to restore one of our community's most treasured trails. In July 2024, torrential rains caused a catastrophic washout near Mile Marker 1/2, creating a 100 foot long, 12 foot deep gap that disrupted trail access and impacted the nearby heron rookery.

# Neighborhood House

Neighborhood House is a beacon of hope for local families facing financial hardship. By providing food, financial assistance, and resources, they help neighbors in need get back on their feet. In the communities they serve, up to 48% of families live paycheck to paycheck, making their support more critical than ever.

# Dinosaur Hill

The Dinosaur Hill Nature Preserve has been a beloved part of the Rochester community for years! Since its founding, the preserve has provided environmental education and protected 16 acres of natural space. With trails open daily from sunrise to sunset, visitors can explore and connect with nature all year long!
