About Julie

Expertise

Waste Expense Management Water Management Waste Compliance Services
Waste Procurement Data Management & Analytics Sustainability Reporting
Sustainable Resource Management Sustainable Waste Advising

Julie Krodel, Sustainability Waste Advisor at Engie Impact, has worked in the energy and sustainability industry since 2021. Julie holds a Bachelor's in Environmental Science and a TRUE Advisor certificate, and she is recognized as a California Certified Sustainable Resource Manager.

Julie's prior experience includes nine years of leading multiple international IT projects, which involved data analysis and generating meaningful customer reports. Her goal is to help companies define and meet their waste reduction and compliance goals, developing roadmaps that suit their business models. Julie is native to Germany, has lived and worked in South Korea, and is currently based out of Seattle, Washington. A voracious learner, she enjoys the outdoors and loves traveling and spending time with her family and dog.
