Renewable Energy Strategy & Roadmaps

Carbon Management

Chris Lundin, Business Solutions Director at ENGIE Impact, guides global clients through their energy strategies and renewable energy ambitions. With over 15 years in international energy risk management and renewable energy advising, Chris has a proven track record of leading clients towards sustainable solutions. He focuses on developing and implementing strategies that promote environmental responsibility while driving business growth. His commitment to sustainability is evident in his leadership roles, where he has successfully integrated eco-friendly practices into corporate operations.
