About Kimberley

Expertise

Waste Compliance Services

Kimberley Jensen, Sustainable Waste Advising Manager at ENGIE Impact, brings more than 15 years of operations and management experience to the team. As a dedicated member of ENGIE Impact since 2014, Kim's expertise in field operations sets her apart. Her career includes key leadership roles at major companies, assisting in the launch of multiple successful programs across Eastern Washington and North Idaho. Kim's leadership and innovative approach strengthened operational efficiency and contributed to lasting improvements.

Kim is committed to continuous improvement in data tracking systems and field processes, ensuring operational excellence for her clients. Passionate about sustainability, she focuses on strategies that reduce waste and identify alternatives to landfilling, driving both environmental and operational impact. Kim is a Spokane native and values time with her family, friends, and pets. Her dedication to her community and profession makes her a trusted partner and an asset to any team.
