POST**

**• OFFERING  
• PROFILOPLASTY**

A novel option for enhancing the appearance of the face is profiloplasty – a non-surgical and non-invasive intervention. The procedure is intended to improve the profile of the patient by balancing out the proportions of the face. It utilizes dermal fillers for chin augmentation, rhinoplasty and, in some cases, lip augmentation. Many people do not realize how facial features influence one another and the appearance of the face, focusing primarily on their one dominant aesthetic feature instead.
