

YouDrugStore Canadian Launch

Press Release

Thursday, March 19th, 2020

FOR IMMEDIATE RELEASE

YouDrugStore Now Offering Canada-Wide Delivery of Prescription & OTC Medications – With No Dispensing Fee!

YouDrugStore Protecting Canadians with Free Prescription & OTC Medication Delivery Available Country-Wide

In Wake of COVID-19, YouDrugStore Launches Canada-Wide Delivery of Prescription & OTC Medications – With No Dispensing Fees!

Online pharmacy YouDrugStore announced today that it will be expanding its services to Canadians. In light of country and province-wide implementation of pandemic protocol, prescription and over-the-counter medications will be available for delivery – with no dispensing fees!

“In today’s rapidly changing world, we believe in supporting our country in the fight against COVID-19 – which is why we’ve expanded our services to include Canadians!” said Andrew (*Last Name*), CEO of YouDrugStore. “We provide access to affordable prescription and over-the-counter medications, with delivery direct to consumers’ doors – shipping is free over \$50.00 and there are no dispensing fees.”

Headquartered in Manitoba, YouDrugStore users must create a free account before shopping for their medications. Upon checkout, a digital image of a prescription can be easily uploaded. Orders are filled and shipped to consumers at home, allowing them to continue practicing social distancing *and* refilling their medications. Availability includes insulin and diabetes supplies, and existing prescriptions can be transferred by contacting customer service.

YouDrugStore is a verified online pharmacy that is protecting Canadians with quality medications. For more information, please call 1-855-968-6337, email info@youdrugstore.com or visit youdrugstore.com.
