MAGIC NUMBER

IT'S NOT JUST ANOTHER BUSINESS GIZMO.

These are just some of the tools every Magic Number provides. It's more than just an ordinary business gizmo.

And just who are we, the company who offers this revolutionary simple device?

We are NEXTLINK. A nationwide provider of telecommunications services for businesses. We are building a solid reputation for offering the most complete set of telecommunications tools available—from local dial-tone service to advanced products, such as Magic Number.

Tell us your typical day, your typical crisis and what's important to the success of your business. And we'll tell you all you need to know about what Magic Number can do.

Then, we'll answer the most important question: What do you need it to do?

Any one of our sales representatives will be happy to answer this for you. Give us a call. Or a fax. Or a voice message. Even a page. Materially, it's all the same number.

GETTING STARTED

Magic Number is designed to be as simple or as powerful as you need it to be. This tutorial shows you how to use your Magic Number.

Magic Number functions are based on the first letter of the function. For example, to Listen to a message, press L. At any time you can press the # (pound) key to cancel what you are currently doing. Pressing the # key twice will immediately take you back to the Main Menu from anywhere in Magic Number.

24-HOUR CUSTOMER ASSISTANCE At NEXTLINK,

we are committed to providing exceptional customer service. That's why when you are using your Magic Number, you can press 0 to speak to a live Operator. We have customer care representatives available 24 hours a day, seven days a week who are ready to meet your specific needs. Anytime you are in the Magic Number system, you can press H for Help. The system will provide you with a more detailed description of the options available to you.

If you have any questions, concerns, or problems, please call our Customer Care Department at 1-800-252-6244.

ACCESSING YOUR MAGIC NUMBER

- 1 Dial your personal 800/888 Magic Number.
- 2 Interrupt the greeting by pressing the * (star) key.
- 3 Enter the password (found in your welcome letter).
- 4 Press the # key.

You are now at the Main Menu where all of the Magic Number features are available to you (reference the "Magic Number Command Overview" outline to help you visualize what you are hearing).
