

Scientific writer and editor with 5+ years of experience supporting research institutions, government agencies, and international teams in producing clear, accurate, and publication-ready scientific and policy-relevant materials. Founder of an editorial studio providing writing, editing, review, and referencing for high-volume digital healthcare content.

Skilled at collaborating with multilingual authors and international teams to synthesize complex information into publication-ready reports and manuscripts.

Professional Experience

Experts Ink • Delray Beach, FL

Founder and Owner (2019 - Present)

- Lead an evidence-based editorial studio producing digital content for clinics and health systems.
- Oversee clarity editing, structural revision, referencing, and quality review by licensed healthcare professionals.
- Developed internal writing, editing, and reviewing guidelines to ensure consistency and high editorial standards.
- Coordinate project timelines and collaborate with clients to ensure timely delivery of publication-ready materials.

Independent Scientific Writer and Editor (2016 - Present)

- Provide scientific writing and editing services for research institutions, government-affiliated researchers, nonprofits, public health organizations, and national health platforms.
- Produce peer-reviewed manuscripts, white papers, grant proposals, continuing education materials, and consumer health content across clinical, policy, and scientific domains.
- Collaborate extensively with multilingual authors and SMEs to ensure clarity, accuracy, and evidence-based standards.

Key Accomplishments:

- Edit and co-author peer-reviewed manuscripts for Convergence CT and 4DIN, working directly with top researchers—including those affiliated with PMDA (Japan's national regulatory agency) and Juntendo University Hospital. Synthesize Japanese-language research materials into clear, publication-ready English manuscripts.
- Served as lead author of a national white paper for the Health Action Alliance, integrating expert interviews, research synthesis, and policy analysis into a comprehensive publication for employers, health systems, and policymakers.
- Developed and presented "Healthy People, Healthy Planet: Reducing Healthcare's Environmental Footprint" for AchieveCE, a nationally accredited CE provider—demonstrating experience writing and speaking at the intersection of health and environmental impact.
- Wrote a grant proposal for MAP International that supported a \$1 million funding request to supply antibiotics to partner clinics across Latin America.
- Authored the *Pharmacy Around the World* series for GoodRx, interviewing pharmacists in 20+ countries and analyzing national health system structures, access models, and policy differences. Wrote comparative articles examining healthcare system design, financing, and cross-country variations for GoodRx's health policy platform.

Ascension-St. Vincent's • Jacksonville, FL

Pharmacy Project Manager (2019 - 2022) • Pharmacy Manager – Seton Outpatient Pharmacy (2016 - 2019)

- Developed and implemented pharmacy SOPs that improved safety, reduced waste, and increased staff efficiency.
- Delivered multiple educational presentations—including opioid-safety quality improvement (170+ attendees) and clinical updates for medical residents and nursing staff—and authored a COVID-19 vaccine clinical update that was distributed to pharmacists *nationwide* across Ascension.

- Improved service utilization and doubled discharge prescription volume within two years through interdisciplinary education and workflow redesign.

Safeway • Kihei, HI

Pharmacy Manager (2014 - 2016)

- Served as Hawaii media contact for the Ask-Advise-Refer smoking-cessation initiative and collaborated with the Hawaii Public Health Association to lead a large community event for the Great American Smokeout, providing counseling, quit-line referrals, and vaccinations.
- Achieved 100% scores on initial and follow-up corporate compliance audits, earning model-store designation.

PharMerica • Hilo, HI

Pharmacist in Charge (2011 - 2014)

Promoted from Staff Pharmacist after 8 months

- Authored policies for sterile compounding, prescription processing, and emergency kits.
- Delivered clinical in-services to nursing staff on opioid safety and medication-safety practices.

Walgreens • Greenville, SC

Float Pharmacist (2010 - 2011)

- Conducted a comprehensive nursing-home medication review that identified safety risks and improved patient care.
