

Seven Seas Prestige™

An Iconic Cruise Line Begins a New Legacy

A new era of ocean travel is emerging for the World's Most Luxurious Fleet®. Regent Seven Seas Cruises® is reimagining the ultra-luxury voyage with its newest ship, *Seven Seas*

Prestige™, whose forthcoming debut in 2026 is a momentous occasion for the most discerning world travelers. Captivating adventures await on board the visionary new vessel. Extraordinary design and meticulous detail envelop guests in elegance and comfort from the moment of embarkation. At the heart of *Seven Seas Prestige* is the Starlight Atrium. This grand space immerses cruisers in the warmth of old-world allure, with a stateliness reminiscent of Renaissance architecture. A grand staircase winds to the top of the ship, crowned by a skylight allowing

the sun and stars to bathe the atrium in natural light. Two additional spiral staircases lead guests to a generous reception area, where travelers can ensconce themselves in front of the panoramic ocean vistas.

“Our goal was to get people to stop in their tracks, awe-inspired by the sheer scale and magnificence of the space,” says Yohandel Ruiz, founding partner of Studio Dado, the firm that designed *Seven Seas Prestige*’s interiors.

The sophisticated vessel sets a new standard for luxury, offering guests truly Unrivaled Space

Starlight Atrium

Skyview Luna Suite, Private Skyview Terrace

Skyview Regent Suite Main Bedroom

Skyview Regent Suite Bathroom

at Sea® with an industry-leading guest-to-space ratio of almost one to one. The all-suite ship hosts just 822 guests for relaxing, intimate voyages. This carefree sense of freedom and opulence is exemplified by *Seven Seas Prestige*’s Skyview Regent Suite, the largest all-inclusive, ultra-luxury cruise suite at sea. The immense suite evokes the boundlessness of the ocean and is more than 8,000 square feet with two stories and a private in-suite elevator.

On the main floor of the Regent Suite is a sculptural living room, a bar with stools that face the sea, a library seating area, and a formal dining room, where guests can have private meals served course-by-course. The entire left wing serves as a secondary full guest suite, connected by a shared sitting room and a private entrance from the exterior of the suite.

A grand staircase hewn in natural stone leads to the main suite on the upper floor. Inside the main suite, a comfortable living room area precedes the spacious bedroom, where an Italian handcrafted king-size bed overlooks the ocean. Customize your sleep experience to your exact taste with a menu of exquisite linens and pillows to ensure optimal comfort and rest. The Most Exclusive Address at Sea® also includes a hand-carved stone tub, a private in-suite gym, a private sauna, a massage room, a highly trained personal butler, and two stories of unobstructed balcony views on the bow of the ship, as well as a private car and driver in each port throughout your voyage.

Get ready to experience a whole new level of luxury on Regent Seven Seas Cruises’ newest ship, featuring brand-new suite categories you won’t find anywhere else in the fleet. Among the highlights are six incredible Skyview Suites—two-story retreats complete with a full living room, private bedroom, and even your own in-suite elevator to the private skyview terrace.

Also debuting are the airy, light-filled Grand Loft Suites, where dramatic two-story, floor-to-ceiling windows bring the ever-changing scenery right into your living space. And that’s just the beginning—there are also elegant new Prestige Suites and new Horizon Penthouses, with a private sundeck balcony perfect for soaking up the views in peace.

Every suite is packed with top-tier amenities and designed for pure comfort—more spacious, more stylish, and more relaxing than you ever imagined. Thoughtful touches, like ample marble bathrooms and walk-in closets, bring a residential atmosphere to the sea, while timeless design elements such as muted color palettes and clean, bold lines enhance the air of refinement.

As you collect unforgettable memories in port, with unlimited shore excursions in more than 550 ports of call in every region of the world, Regent Seven Seas Cruises’ crew is busy on board crafting your ideal environment through exceptional service and their unique Heartfelt Hospitality™. Each crew member is a perfectionist and consummate host who learns guests’ personal tastes, creating a bespoke

onboard experience. Every point of the journey, from the selections inside the in-suite minibar that is replenished daily to the linens on the bed, is fully customizable and tailored to travelers’ preferences. These details imbue the voyage with an endless sense of delight. As aboard Regent Seven Seas Cruises’ entire fleet, *Seven Seas Prestige* guests enjoy The Most Inclusive Luxury Experience® at sea. Thousands of shore excursions, unlimited beverages including fine wines and craft cocktails, and dining engagements in the specialty restaurants are just a few of the conveniences that are always included in one upfront fare. For ultra-luxurious adventures that are truly outstanding, Nobody Does It Better™ than Regent Seven Seas Cruises.
