Dear [First Name],

As one of our most valued donors, we wanted you to be the first to know the details of the new Family Opportunity Center we're building this fall to enhance our ability to provide food services to vulnerable communities in Houston. This milestone marks a new chapter for our current facility, the Guadalupe Center. Thanks to your contributions, we are scheduled to break ground on **Monday, September 21, 2026**, at the new facility located on **9111 Jensen Dr. Houston, TX 77093**.

We are formally inviting you to witness history in the making. Located in one of Houston's poorest neighborhoods, this new building will not only improve our food distribution capabilities; it'll also pave way for added services like counseling and family assistance. This new facility will be 15 times larger than the Guadalupe center, allowing us to distribute twice as much food and house multiple programs to assist those in need.

Expanding our capacity is crucial to our mission to continuously support struggling families; and thanks to you, we can improve that vocation. You helped make this happen, now we want you here with us to celebrate. Will you join us for the cutting of the ribbon at Catholic Charities' new Family Opportunity Center?

Key highlights of the new Family Opportunity Center include:

- 60,000 square feet and over five acres of land
- Mental health counseling services
- A new home for Martha's Kitchen, helping to provide hot meals for those who need it most
- Larger warehouse space for food storage and distributions
- Case managers to help clients access services and manage self-sufficiency
- Educational and support services for mothers
- Space for disaster recovery with powerful generators to continue operations under power outages
