

For Employers:
What You Need To Know

Tomorrow's health care innovation, today

Innovatus Health coordinates resources to improve healthcare and lower costs. Your employees will benefit from shared-savings programs as well as access to physicians and cutting-edge facilities.

With technology to identify and treat vulnerable patients, Innovatus Health will keep your employees healthier and happier.

Innovatus Health will help you:

- Ease the cost burden to employees
- Focus on data with detailed analytics
- Coordinate support for patients at home, in a provider's office, and in the hospital
- Manage Medicare, Medicare Advantage, DTE, Commercial, Medicaid
- Identify medical, social, and behavioral health risks
- Expand care options with 24/7 TeleHealth and nurse triage

EMPLOYER SOLUTIONS

Since health benefits are vital in recruiting and retaining your employees, we give you options through self-funded plans.

Tiered Partnerships

- **Care Management:** Nursing, pharmacy, social work, primary care, health education
- **High Performing Network:** Physician alignment across a seven-county region
- **National Wrap Network:** Access to specialty care not in our region
- **Custom Plan Design:** We can mirror and improve your existing plan

We Invite You To Learn More

Visit InnovatusHealth.com for more details and information on competitive rates, tailoring benefits, data reports, self-funding options, product choices, and more.

Together, we can help our community thrive and look forward to a healthier tomorrow.
