

## **New movers email**

### **Welcome to Southwest Florida!**

As you bask in glorious sunshine and a friendly community, Lee Health wants you to know that we'll be here when you need us with healthcare options for the entire family. Our expert staff delivers exceptional service, and our convenient locations give you easy access so you can heal quickly.

### **Who We Are and What We Do**

Supported by more than 13,000 employees, Lee Health and Lee Physician Group providers serve our community at primary care offices, outpatient facilities for tests and surgery, urgent care centers, emergency rooms, four adult hospitals, Lee Health Coconut Point, and the Rehabilitation Hospital.

### **Caring for Your Children**

Does your child or grandchild need exceptional care? Golisano Children's Hospital of Southwest Florida features the only ER in the area built just for kids as well as a compassionate staff trained to help children and families feel at ease.

### **Healthy Lifestyle, Healthy Choices (MAP?)**

Making healthy decisions is a key to a happy life. So our Healthy Life Centers empower you with virtual health classes, cooking seminars and one-on-one expert guidance on proper nutrition and exercise that fits your needs.

### **MyChart: Online Scheduling and Access**

Manage your healthcare from your computer, phone, or tablet with MyChart. You'll have 24/7 access to schedule an appointment, view records, make payments, and request refills. This great tool allows virtual visits, too!

### **The Latest Health News and Trends**

What's the latest craze? How do certain procedures work? What are some great tips to lower stress? Find these answers and lots more on our Healthy News blog and monthly newsletter that goes straight to your inbox.

### **Watch and Learn**

If you're looking to know more about a service, new technology, or a physician, our video team has you covered. Access hundreds of short clips on [leehealth.org](http://leehealth.org) to get up close and personal.

### **Your Cancer Care Destination**

The Regional Cancer Center cares for patients both in and out of the hospital. These passionate staff members have trained their whole lives to provide treatment and comfort. Outpatient locations and our new dedicated floor at Gulf Coast Medical Center mean you don't have to go anywhere else for the care you deserve.
