Outdoor grilling made simple

Your backyard BBQ just got a lot simpler, so fire up your electric grill and roast those vegetables, hot dogs – whatever!

Charcoal Grill

Great for use with Charcoal Grills as well, so you can take these mats on your next camping trip.

Safe for Oven Use as Well

These mats are also safe to use in your oven, at temperatures up to 500°F. Bake cookies, roast a turkey, try out grandma's bread recipe – simple and versatile.

"Easy Cleaning"

If Bob can keep his grill clean, you can too.

Bob is a barbequing fool. Burgers, steak, chicken, you name it – Bob can grill it. But Bob hates cleaning up. Scraping the grill is tedious, and cleaning out all the grease spills out the bottom of the grill is a pain. So Bob doesn't grill so much these days.

Until he got this easy to clean mat! Now he can grill all day, and clean up is as simple as a quick wipe down, or throwing the mat in this dishwasher.
