

Spaniel Rescue Foundation

About us

Who we are

Spaniel Rescue Foundation was founded in 2023 and covers England, Scotland and Wales. We are a registered charity (1206092) overseen by a board of trustees. We are a volunteer-led charity giving abandoned and surrendered spaniels a second chance at life.

Our mission

To rescue and rehome spaniels in crisis while empowering owners with the knowledge needed to keep their dog safe and happy – because every spaniel deserves love, and every owner deserves support, not judgement.

Our vision

A future where every spaniel thrives in a lifelong, loving home, achieved through proactive support that reduces the need for rescue and by being the trusted leader in spaniel welfare. And when rehoming is the right path, every dog finds another chance in a loving home.

How we do it

Our incredible volunteers – from admin and marketing teams to our fundraisers and behaviourists – provide their time, passion and expertise to make our work possible. We don't just find homes – we build relationships. Every adopter, fosterer and supporter becomes part of our rescue family.

Our values

- **Compassion**
- **Integrity**
- **Collaboration**
- **Prevention**
- **Excellence**
- **Commitment**

Ways to support us

We don't receive government funding, so we rely on donations to give our dogs the care they deserve. But there are plenty of ways to support us:

- Become a fosterer
- Adopt a spaniel
- Volunteer with us
- Donate to our cause

Keep in the loop
