Why escorted touring?

Escorted tours are at the heart of what we do at Titan Travel. We expertly create our collection of escorted holidays that go to over 100 countries across seven continents.

On every escorted holiday, you'll get to the heart of each destination, immerse yourselves in local cultures and customs, and explore hidden gems away from the tourist trails (but with iconic sights thrown in the mix, too).

They also offer incredible value. Because our tours have been carefully designed - from finding the best places to visit to making sure there is enough time to relax or explore independently - it would be much more difficult and expensive to put the itinerary together yourself.

It really is an adventure made effortless.

What is an escorted tour?

Quite simply, by choosing an escorted tour, you hand over all responsibility to us, so that you really can enjoy a stress-free holiday.

Let us take care of everything. From our friendly team of travel experts who can help book your trip and our nationwide shared chauffeur service that transfers you to and from the airport, to our knowledgeable tour managers and local guides who bring each destination to life, we really have everything covered.

But don't think escorted tours only fit one shape and size. We offer several different types of escorted holidays to suit different needs.

If you've never considered an escorted tour before, I would wholeheartedly recommend you give one a try. You really will get a hassle-free adventure, with incredible experiences thrown in, as well as sharing it with like-minded people. Once you take one, you'll keep coming back for more!

Solo travel

For those who want the freedom to travel by themselves and to be part of a group of like-minded travellers, our solo escorted tours mean even though you're travelling by yourself, you're not alone.

With dedicated solo departures, you'll get meet-and-greet dinners and no single supplements. You'll also get inside

Relax and explore on your own with free days

knowledge from expert guides, plus the chance to relax and explore on your own with free days. Wherever you're

dreaming of the Canadian Rockies or exploring Japan, having a great group of people to share and relive a trip's memorable moments with makes them all the more special.

Excellent tour of Japan, which was a solo tour. Our tour manager Lilian went above and beyond my expectations to make this holiday memorable. I had a good size group of 26 who all shared their stories of travel.

small groups

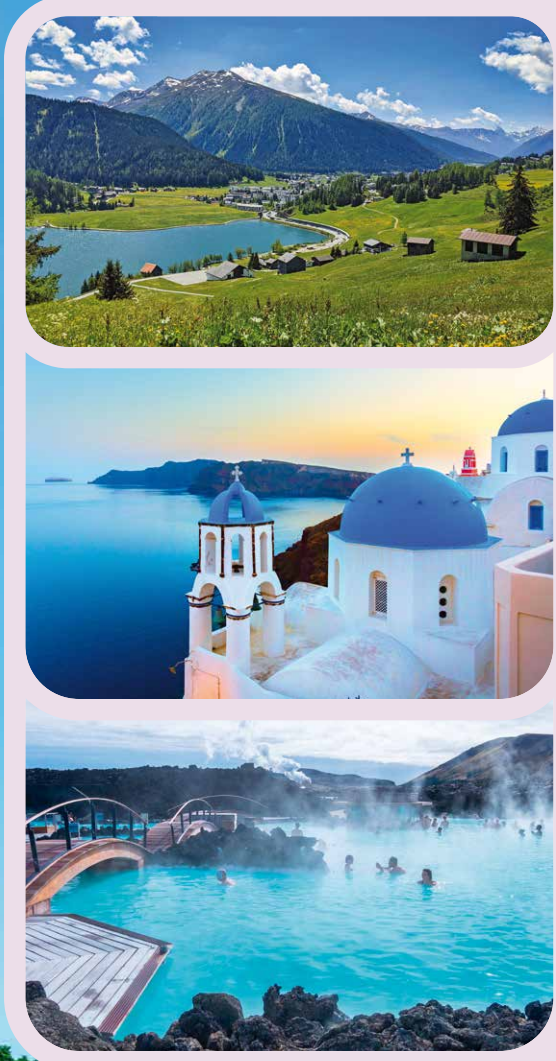

We know that crowds can be overwhelming, but our small group escorted tours offer a more immersive setting. You can experience some amazing itineraries across the world but the maximum capacity is just 24 people.

Keeping things small lets us plan activities and experiences that aren't usually possible for bigger groups, like witnessing the flag lowering ceremony on the India-Pakistan border, soaring over Botswana's Chobe National Park in a light aircraft, or enjoying salt coffee with locals in Vietnam.

Stay & explore

Our Stay and Explore holidays mean you'll stay in just one or two hotels, so you can delve deeper into your destination.

Each itinerary has been carefully planned to cover each place's highlights and hidden gems, with a selection of excursions included so you can make the most of the location and your time there.

Explore the Alpine meadows and mountain passes of Switzerland, or island hop in the sun-bleached shores of Greece, we have several Stay and Explore holidays to choose from.

Rail journeys

Landscapes unfolding before you like a live-action guide book. Sunrises over mountains and sunsets over the sea, all in a day. The thrill of waking up somewhere completely new.

And the romance of travelling as people did centuries ago, in the 'golden era' of rail. It's all part of the magic when it comes to rail journey holidays.

And on our rail journeys across incredible destinations including Africa, Canada and India, you'll get to experience it all.

Food & drink

Food and travel are the perfect companions. A tingle on your palette, a scent of fragrant herbs and spices – and you can be transported anywhere in the world.

This is the power of food. And on our holidays, you can experience a variety of different tastes and cuisines, from cooking classes to tasting tours, or recommended hidden gems from our tour managers. Graze your way around Italian delis and wine bars on a walking food tour. Indulge in local coffee and rum in Colombia. Learn to cook traditional dishes in Morocco and Japan, or sit down for traditional mezze in Crete.

Cruise & Tour

Cruise & Tour is the ultimate Titan holiday.

You can enjoy all the benefits of a fully escorted tour, as well as sail on carefully selected cruise lines, offering the most enticing itineraries on offer - from the state-of-the-art expedition ship from Hurtigruten on our Antarctica cruises to destination immersive boutique cruising with Azamara, we have Cruise & Tour itineraries that venture to destinations all across the world including the Caribbean and South America.

Wildlife adventures

We think nothing beats the visceral feeling of seeing animals in their natural habitat.

Imagine the thrill of watching tigers stalk their prey, or a herd of elephants making their way across a river. From seeing monkeys and Orang-utans in the jungle canopies of Borneo to caimans and crocodiles gliding through swamplands of Costa Rica, we have some remarkable wildlife holidays in South America, Africa and Asia. And on some of our escorted wildlife tours, you can stay in one spot, enjoy multiple wildlife spotting with expert local trackers and guides and then relax.

Small ship cruising

Imagine stepping off a ship into a hidden harbour and finding a cosy little taverna to enjoy a bite to eat and to watch the world go by.

On our small ship cruises explore the craggy, island-speckled coastlines of Croatia, where we can sail to lesser-known ports and towns. With only a maximum of 36 passengers on board our small ships, you'll enjoy an intimate sailing experience - where the captain and crew will make sure your time on board is special.

Our Croatian cruise fell into place nicely. This included the ship, the brilliant staff, and the company of all the our fellow guests. This was all very well coordinated by the cruise manager, who was always there to help and advise.

Reasons to choose escorted tour

More value

When you book an escorted tour with Titan, you don't just get a carefully-crafted itinerary, or an expert tour manager who not only has vast local knowledge, but will accompany you throughout your holiday. You'll also get fascinating day trips and experiences led by local guides, excellent hotels and accommodation, meals included, transportation, and our nationwide shared chauffeur service, which means each holiday starts and ends at your front door.

You can relax knowing that every aspect of your holiday has been taken care of and you'll see exactly what you will be paying for.

More friends

The one thing our customers repeatedly tell us is that they have enjoyed the most is being able to share their perfect travel moments with a group of like-minded people.

In fact, many of our customers have made life-long friends who they continue to holiday with time and time again.

We have also seen our solo escorted tours growing in popularity because of this very reason - being able to have a good time with other travellers who share the same interests. It's a win win.

It isn't just one long coach trip...

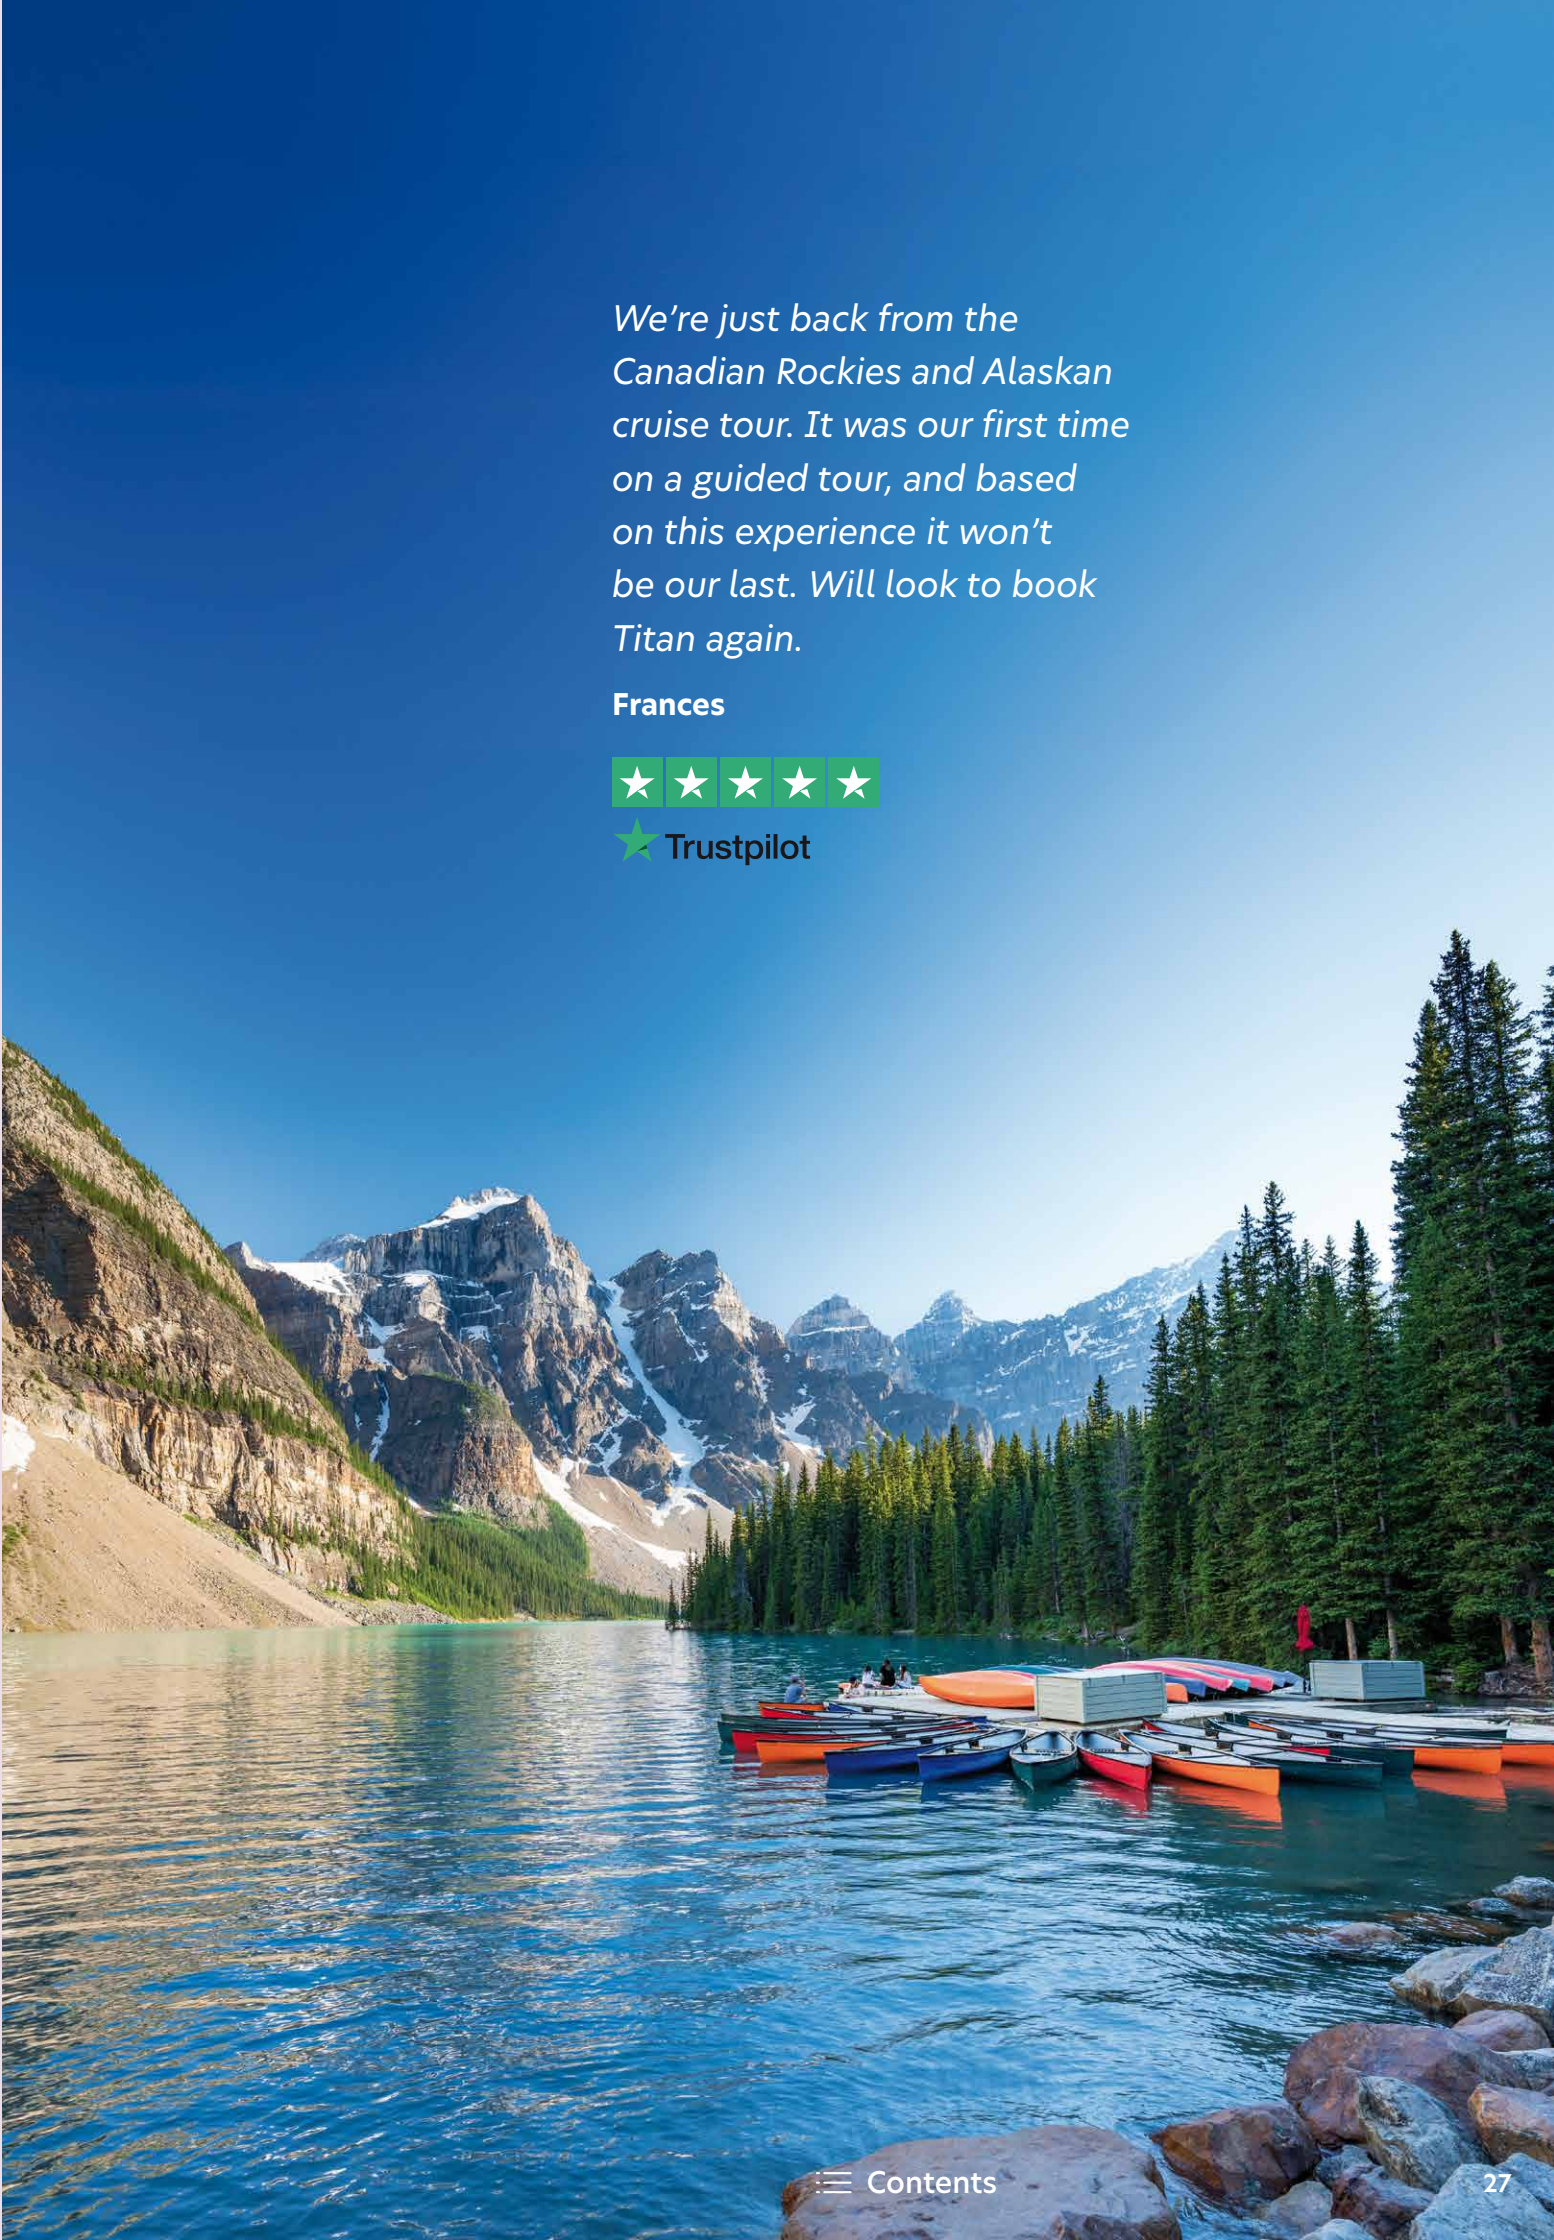

Contrary to some who believe that escorted holidays mean spending the whole time on a coach, our escorted tours really do combine authentic experiences with a wealth of activities.

Sit back and watch the world pass you by With over 120 different escorted tours we can find the perfect holiday for you. If you love wildlife, then perhaps seeing

whales in Antarctica or sloths in the tropical rainforests of Costa Rica will appeal?

Maybe food is your passion - perhaps a culinary tour in Italy's Lake Como where you can sample just-baked focaccia and drink local wine is more your thing?

Or if you just want to sit back and watch the world pass you by, we have incredible rail and river journeys that means you can travel at a more leisurely pace.

We're just back from the Canadian Rockies and Alaskan cruise tour. It was our first time on a guided tour, and based on this experience it won't be our last. Will look to book Titan again.

More experiences

If your worry is that you won't see enough of each destination on an escorted tour then let us put your mind at rest. Our travel experts have carefully designed each holiday so that it showcases the very best of each country.

Meanwhile, our knowledgeable tour managers and guides know all the hidden gems, the local history and fascinating stories that will really help you get under the skin of each destination, bringing it to life. We won't waste time taking you to places that will leave you feeling underwhelmed...

More relaxing

While we want you to see the very best each destination has to offer, it doesn't mean you won't get a chance to explore on your own.

Our escorted tours do offer free time, which gives you the chance to explore by yourself or to simply relax with a good book, take a swim in the pool or enjoy a meal.

Meanwhile, we want to offer as much flexibility as possible so also offer extended stays - which allows you to stay an extra few nights at the start or the end of your holiday.

Our holiday was everything we expected and more - from the game drives and other excursions to the hotels and food. Our tour manager and driver were knowledgeable and great company throughout.
