

The Marina Air Purifier v3
By Jennifer Lowe

INT. ROOM - DAY

Elisa and Johnny walk into a room with an air purifier.

JOHNNY

Wow, your new air purifier is great. The air in here is so fresh.

ELISA

Thanks! It's the Marina, newest of its line on the market. It's really advanced, with voice capabilities to let you know the air quality in the room.

JOHNNY

Cool. Wanna makeout?

He puts his hands on Elisa and they start to makeout. Johnny farts loudly. Elisa pulls away and waves her hand in front of her nose.

ELISA

Did you seriously just fart?

JOHNNY

(giggling)
What? No way!

The Marina beeps and flashes a red light.

MARINA

Fart detected!

ELISA

You DID fart!

JOHNNY

Your air purifier can detect farts?!

MARINA

Also detecting Dior Johnny Depp Sauvage. Very douche cologne.

JOHNNY

Hey! I like this cologne!

ELISA
(looking closer at the
Marina)
Wow, I guess the Marina really is
advanced.

JOHNNY
(trying to get Elisa's
attention again)
Haha, yeah. Cool machine. Now let
me show you MY machine.

Johnny cuddles up to Elisa and they start to makeout again.
The Marina beeps again.

MARINA
Horrible hygiene detected! Johnny
has not showered in 3 days.

Elisa leaps back.

ELISA
EW! What's up with not showering!

JOHNNY
I'm trying out this productivity
hack where I don't take showers to
save time.

ELISA
That's not productivity, that's
just gross!

MARINA
Also, meat breath detected! Johnny
ate a cheeseburger today.

Elisa stares at him in shock.

ELISA
You said you were vegan!

JOHNNY
I am! It's just a cheat day!

ELISA
Cheat days are for fitness, not
dietary preference!

MARINA
Also, Johnny had a cheeseburger
EVERY DAY this week for lunch.

ELISA
That's definitely not a cheat day
or being vegan!

MARINA
Pheremone levels detected!

JOHNNY
Oh what now...

MARINA
Johnny's pheromones are consistent
with laziness, whining, and
ghosting after the fifth date.

JOHNNY
How can it smell ghosting?!?

ELISA
I don't know, but I can't believe
you're a ghoster!!

JOHNNY
Hey, it's just efficient!

MARINA
Remove Johnny. Remove Johnny. Too
many character defects.

JOHNNY
I hate this air purifier! How do
you turn this stupid thing off.

Johnny kicks the Marina and begins button mashing.

ELISA
Stop it!

MARINA
Air purifier emergency contaminant
ejection sequence initiated.

ELISA
Uh-oh.

Suddenly, a fire extinguisher deploys from the Marina and
sprays fire extinguisher agent at Johnny.

JOHNNY
Argh!! I've had it. Your air
purifier is wrong. I'm not
ghosting, this is a rejection, in
your face!

Johnny walks out.

ELISA

Ugh, I was hoping I could at least
hookup with him. Thanks a lot,
Marina.

MARINA

The Marina is here to clean the air
and clean your life girl! Snap snap
snap!

sounds)
