I'm very pleased to pass on the attached letter from David Greathouse, Executive Producer, NM Stargate, Inc., expressing his thanks for the great work and support provided for film production logistics. Your help was invaluable to the success of their visit, and your professionalism and insight were much appreciated.

Thanks for a job well done!

Dear Colonel Harrigian,

Thank you so much for allowing us access to your installation and for the support of your staff and military personnel. On behalf of everyone at New Mexico Stargate, Inc. & Stargate Universe, I'd like to voice how honored we were to be given the opportunity to see what certainly must be one of the finest military installations in the world.

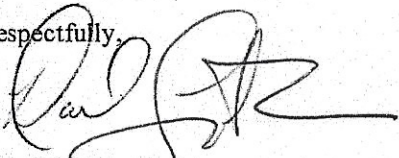

Our experience on your base and the professionalism of your staff was outstanding. From the beginning, everyone in the public Affairs Office, Mr. Arlan Ponder, Lieutenant Michele Rollins, Tech Sergeant Ray Lara, and Airman First Class Rachel Kocin, were extremely helpful and we knew we were in very capable hands. That kind of support and reassurance is crucial when dealing with the logistics of film production and to have been so well taken care of by your staff was invaluable.

Additionally, when the military briefings began, Mr. Teddy Beldad's professionalism and courtesy was much appreciated and his thorough and precise explanation of the installation's rules and requirements let us know clearly what was expected of us. With their assistance, we were able to complete our project in record time and the relationships we formed hopefully will be invaluable in the future for all parties.

Sir, we were all proud of our military before this experience, however, after working with your group; we feel truly blessed to know people such as yourself and your team are protecting us daily.

Again, on behalf of our many cast and crew members, THANK YOU!!

Respectfully,

David Greathouse
