

STEPPING TOWARDS SUSTAINABILITY: REDUCING CARBON FOOTPRINT IN THE WORKPLACE

Subject Line: Shrink your bills and your carbon footprint - discover how.

Pre-header: Join us live this September for expert insights on reducing emissions in your workplace.

Dear Alexander,

With the current times we live in; rising energy bills and increased pressure to meet sustainability targets, there is no time like the present to take control of your carbon footprint and indeed, your costs.

At Brooktech, our clients are at the heart of what we do and we want to help you to reduce your emissions and your bills for the sake of the planet and your pocket!

That's why we'd like to invite you to our upcoming event:

The Eco Workplace– Real Strategies for Reducing Your Carbon Use in 2025

 *The Innovation Hub, Kensington, London*

 *Thursday 19th September 2025*

 *09:30–14:00*

What to expect:

-  *Energy and Your Building:* Live keynote with **Mark Daly**, Senior Technical Lead at Brooktech Maintenance
-  *Futureproofing Your Facilities:* Talk by **Rachel Lowe**, Head of Sustainability, Greenwise Consulting
-  Interactive Q&A sessions and hands-on round-table discussions
-  Practical steps you can take immediately to cut carbon and reduce building running costs

This event is open to all offices, shops, schools and factories in the locality. Places are limited to 60 attendees to keep discussions focused and productive.

Ready to take the next step towards a smarter, greener workplace?

 [Reserve your free seat now](#)

We'd love to welcome you on the day and help you turn challenges into opportunities.

Warm wishes,

The Brooktech Maintenance Team
