

one last thing

LILY COLLINS
Purple and green should never be seen? Try telling that to Lily. The actress, 35, went for clashing colours with her floral outfit while filming *Emily in Paris*.

CELINE DION
Celine, 56, channelled her inner princess in this pink floral ballgown. She then strutted the streets of NYC with a bunch of roses in her hand – before tossing them to adoring fans!

ZENDAYA
If you're ever short of hands, then take a leaf out of Zendaya's book. The *Dune* actress, 28, stole the show at the Met Gala, with an entire bouquet perched on her head.

FEARNE COTTON
No one does flowers like Fearne. The *Happy Place* host, 43, showed off her cherry blossom frock – writing 'this dress makes me feel pure happiness'.

Blooming gorgeous!

SARAH JESSICA PARKER
Hiding something, Sarah? While filming *And Just Like That*, SJP, 59, wore what looked like a simple mesh dress. Look closer, and you'll spot some roses under there...

These stars love playing about with floral looks

CYNTHIA ERIVO
When Cynthia stepped out at the Met Gala last year, her look was more Glinda than Elphaba! The *Wicked* star, 38, wore a chic black suit, adorned with sweet pink petals.

KRIS JENNER
They say white blooms represent loyalty – and that's one thing the Kardashian-Jenner matriarch-turned-momager certainly is. Kris, 69, looked radiant with some oversized foliage on her shoulder.
