

The Eagle's Flight

The iconic sculpture of the Philippine Eagle, perched beneath the lush canopies with outstretched wings as it rears for flight, serves as the perfect welcome and an emblematic representation of what the University of Southeastern Philippines (USEP) is all about - soaring aspirations and ascending greatness.

Over the years, the university's journal, the Southeastern Philippines Journal of Research and Development (SPJRD) has proven itself a steadfast reflection of the Philippine Eagle, achieving the Q2 ranking in Scimago Journal and Country Rank 2024 on top of being recognized and indexed in Scopus and the ASEAN Citation Index (ACI).

This visual representation of the Philippine Eagle poised for flight captures SPJRD's continuous journey of growth as an acclaimed journal in not just Mindanao and the ASEAN but also the international level, a testament to the commitment and expertise of USEP in providing impactful quality research.
