

SWITCHING TO REVOLUTIONPARTS IS QUICK & EASY

START

START CRUISING

Wil Pagod,
Implementation Expert

STEP ONE

Our highly skilled implementation team will dig into your existing web store's structure and analytics to diagnose areas that need improvement.

STEP TWO

Customer data, custom pages, and backlinks (the techie stuff) will be checked and downloaded from your previous site.

STEP THREE

We will choose a design theme for your new site, set up payment gateways, shipping carriers, and upload all of your existing customer data and custom images so your new web store won't skip a beat.

Brett Brandeburg,
SEO Wizard

STEP FOUR

Our SEO wizard will make sure that all of your old pages will be redirected to your new-and-improved web store. This means that your organic traffic will come with you when you switch.

Josh Rodgers,
Marketing Expert

STEP FIVE

RevolutionParts marketing experts can optimize your web store to rank higher in Google searches through SEO friendly titles, descriptions, and unique content that will make shoppers become buyers.

Brittany Clark,
Customer Success Manager

LAUNCH

In addition to putting the finishing touches on your new web store, your Customer Success Manager will prepare you with tools for success and expert advice. All that's left is lift-off!

NEXT STEP

Are you ready to maximize Parts Department sales? Join the SimplePart customers who switched to RevolutionParts.
