3 HOURS
PER MONTH**

**PAID TIME FOR EACH TEAM
MEMBER TO VOLUNTEER IN
THEIR COMMUNITY**

THERE'S A BETTER WAY, AND WE'LL HELP YOU FIND IT.

Savage is committed to protect the environment and offers green equipment solutions and optimized traditional equipment solutions to best meet operational needs.

WASTE & REUSABLE MATERIALS

We participate in various programs with high standards to ensure we properly reuse, recycle and dispose of waste and reusable materials throughout our operations. These programs include:

RESPONSIBLE CARE™
Driving Safety & Sustainability

GREEN EQUIPMENT SOLUTIONS

Savage tailors sustainable design solutions with equipment in mind, including:

- ✓ Fully electric rail switchers
- ✓ Green locomotives
- ✓ Electric & hydrogen-powered trucks
- ✓ Hybrid yellow equipment

OPTIMIZED TRADITIONAL EQUIPMENT

If traditional equipment is best for your operation, we'll help you find ways to optimize its use with:

- ✓ Fleet management telematics
- ✓ Technology solutions
- ✓ Improved filtration
- ✓ Tire analysis
