

## Transform Young Lives Through Dance

Dear [Donor's Name],

In a world where opportunity and resources can make or break lives, The Wooden Floor stands as a place of hope for youth in underserved communities. We help them realize their full potential and guide them to **transform their future**.

At The Wooden Floor, we offer year-round after-school dance, academic, college/career readiness and family services programs at no cost. By offering these resources for free, we give children access to resources they need to succeed, regardless of their financial situation. We use a long-term approach rooted in dance that teaches these young people resilience, confidence, innovation and discipline. Our program empowers a better future, with **100% of our kids having enrolled in higher education**.

“When I was in the eighth grade, The Wooden Floor had an opportunity for students to go to UCI’s robotics camp, and I took it! There was a special scholarship for The Wooden Floor students. For two weeks, I learned about robotics and how to code. I was able to meet a lot of new people and come up with projects, where what I saw in my head was able to come to life.” (Alexia, former student, class of 2019). Now Alexia attends a 4-year university for computer science, something she never saw possible before The Wooden Floor.

**Your support** makes stories like Alexia’s possible. With a donation today, you can help provide our students with the mentorship and experience that everyone deserves the opportunity to have. Every donation brings us one step closer to **breaking the cycle of poverty**. Join us in shaping a brighter future and reaching more children— one step at a time. Donate here, now.

Together, we can help children realize their potential and create generational change through the power of dance and education. Volunteer opportunities are also available; we greatly appreciate every bit of support. **Contact us at 714.541.8314 or [Info@TheWoodenFloor.org](mailto:Info@TheWoodenFloor.org)**

Thank you,

The Wooden Floor
