Special Discount for Real Estate Professionals

HSA Home Warranty is pleased to offer a special discounted price to real estate professionals on the purchase of a home warranty plan for their own home.

Selling, buying or currently own your own home? Take advantage of the HSA Home Warranty plan for your own home and save \$50 off the total amount due. Coverage begins 15 days after payment is received when adding a home warranty to your current home. If your home is involved in a real estate transaction, seller coverage will begin the day you enroll the property for coverage, and buyer coverage begins when the home closes. Whether you stick to the base plan or add options, you'll save \$50 off the total amount due.

Involved in investment properties? We have a discount for those too! For investment properties you currently own, purchase our consumer direct product and save \$70 off the total amount due. Our consumer direct product offers the same coverage as our real estate product, but comes with a different price. If you plan to sell or buy an investment property, purchase the real estate product and take \$20 off the total amount due. Seller coverage begins the day you enroll the property, and buyer coverage begins when the home closes.

The savings keep coming! When it's time to renew your home warranty, you'll receive a 15% discount off your renewal rate! (*Renewal pricing varies - please ask your local representative for an explanation of renewal rates.*)

Give yourself the same protection and peace of mind you recommend to your clients. Whether you're selling, buying or plan to stay in your home for years to come, you can enjoy the benefits of an HSA Home Warranty.

To order a warranty for your own home, simply contact us at 1-800-367-1448.
