

Obanijesu Israel

AI Video & Automation Expert

Hello, I'm Obanijesu, a Video Editing and AI Automation Expert.

I create cinematic, high-quality videos that tell powerful stories, while also leveraging AI automation to streamline workflows and scale content efficiently. My goal is to deliver visuals that capture attention, save time, and drive impact for brands and creators.

Work Experience

Video Editing

2021 - Present

Skilled in transforming raw footage into engaging stories using Adobe Premiere Pro and After Effects. Experienced in social media, ads, and cinematic edits with a focus on rhythm and emotion.

AI Video Creation

2023 - Present

Creating AI-powered videos with avatars, voiceovers, and automation tools. Helping brands scale content quickly while keeping creativity intact.

AI Automation

2022 - Present

Designing automated workflows with n8n, Make.com, and Zapier. Streamlining processes across Gmail, Slack, Notion, and more.

Copywriting & Editing

2019 - Present

Delivering clear, compelling copy and polished edits. Ensuring content communicates effectively and connects with audiences.

UI/UX Design

2023 - Present

Crafting user-centered interfaces with Figma. Skilled in wireframing, prototyping, and delivering intuitive designs for web and mobile.

Motion Design

2019 - 2021

Designing dynamic animations and visual effects to bring stories to life. Skilled in After Effects and motion graphics for ads, intros, and brand visuals.
