Hotel Search

The hotel search is the lifeline of trivago. Every month, over 80 million users enjoy searching for their ideal hotel on our sleek, user-friendly site while our constantly upgraded tools work hard to ensure them a gratifying and successful search experience. All components - from the price comparison to the comprehensive filtering system to the trivago Rating Index - are marked clearly and aid our users in making the most well-informed decisions possible every time.

trivago App

trivago finds your ideal hotel for the best price – even on the go! Our free app offers the same precise filtering options and clarity which trivago users rely on, merged with a sleek interface. In addition to the user-friendly trivago features, users can call hotels directly from the app, and an integrated map function will locate and guide them directly to the hotel door. Convenience and usability in one small package.

The landing page features a background image of a hotel lobby with a man in a suit holding a golden bell. The layout includes a top navigation bar with the logo and user links, a main headline, a descriptive paragraph, a video button, a sign-in modal, and a footer link.
