How to Sell Your Car to Us

Selling your vehicle to us is easy. Utilize two ways to sell your vehicle before considering purchasing another one. The online route is potentially the easiest. Visit our site and use the [KBB instant cash offer tool](/kbb/instant-cash-offer.htm) to get a hint of what you will get for your vehicle. If you have any questions about the process, you can select the Contact Us tab for more information.

The other selling process is in person. Make your way to Perfection Honda and connect with one of our team members to sell your car to us. They'll collect the same information you'll give on the KBB instant cash offer tool, then inspect your vehicle to determine its true value. After figuring its value, you'll have the opportunity to take or leave the cash.

Purchase a Vehicle from our Inventories

After selling your vehicle to us, take a look at some of the vehicles we have available. We have outstanding vehicles that vary in body style and trim level. One of our inventories even has different car brands outside of Honda models that you'll be interested in driving in. Choose the vehicle you like and request a test drive with the team member working with you to start your purchase process.
