

Get Familiar with the California Clean Fuel Reward Program near Manteca

Driving a fuel alternative vehicle can be helpful to the environment and expand your choice of vehicle when looking to purchase one. Modesto Toyota wants to introduce drivers to the [California Clean Fuel Reward Program](/california-clean-fuel-rewards.htm) to elevate the perks of purchasing an electric vehicle. Read more about the program below, then come over to our dealership in Modesto to get started today.

What is the California Clean Fuel Reward Program?

Drivers near Stockton and surrounding areas can take advantage of the California Clean Fuel Reward Program when they purchase a fuel alternative vehicle. The California Air Resources Board is in collaboration with other companies to enforce cleaner fuel emission options. Drivers can get up to \$1,500 off of their purchase of an electric or plug-in hybrid vehicle. Even if there are other incentives you want to take advantage of, the California Clean Fuel Reward Program won't interfere with the opportunity, helping you save even more.

How Can I Take Advantage of the Program?

Search the vehicle you want to find its eligibility for the California Clean Fuel Reward Program. If you are a resident of Turlock and other cities within California, you are eligible. Find the eligible fuel alternative car you want online, visit Modesto Toyota, and go through the normal purchase process. Bring up the California Clean Fuel Reward to our finance center, and we'll take care of the rest!

Why Purchase from Modesto Toyota?
