

OUR METHODS

LEARNING THE BERRIES WAY

Berries' very own learning programmes and educational tools will enliven your children's learning experiences.

Often technology-enabled, our products will excite them, and they will become motivated to practise Chinese at home. With the help of these tools, your children will reinforce their learning and cultivate a stronger interest in the language.

Reinforces word recognition and cultivates interest in the Chinese language:

- Talking Cards and Stickers
- Read and Recognise Series with Reader Pen
