## Similar player

Harry Maguire

Similar physical attributes in the sense he is not quick or agile, so struggles at getting back and making recovery runs but is good at defending his own box, both on the ground and in the air.

## Conclusion

A player who lacks the physical attributes to hold his own at the elite level, given the opposition was poor he was not tested to a good level but given the stage of his career he has reached his ceiling but he would make a good lower league player.
