

Bryant, Blake — Citizens Christian Academy

RHP, 6'5", 185

FPos: RHS

Slot: 3/4

Impact Statement: Mid rotation starter w/4 pitch mix

Grades

Fastball

Pres: 45

Future: 60

CZ: 94

Fastball quality

Pres: 45

Future: 55

Comments: Healthy amount of s/m, can ride it at the top of the zone or sink it w/arm-side run. Can reach back for extra. Would expect uptick in velo as he grows into body.

Curveball

Pres: 40

Future: 45

CZ: 80

Comments: 11-5 shape with depth.

Slider

Pres: 50

Future: 60

CZ: 82

Comments: 11-5 shape tighter breaking ball w/ a couple mph velo separation from curve. Plays nicely off 4s for swing and miss. Makes hitters expand the zone. Really nice feel to spin.

Changeup

Pres: 45

Future: 50

CZ: 87

Comments: Late fade action, best ones have late sink. Flashes least but nice pitch to have in his back pocket, gets chase and pairs nicely off sinking fb.

Control

Pres: 45

Future: 55

Comments: Strike thrower. Rarely gives out free passes.

Command

Pres: 45

Future: 50

Comments: Executes most of the time in two-strike counts, uses all four quadrants of the zone. With athleticism and body control that he has I would expect command to improve w/ quality reps.

Arm Action

Comments: Long, arm action into 3/4 arm slot, fast arm, hooks out front

Delivery

Comments: High leg kick w/ on-line delivery. Slight side step, slight gloveside fall off.

Summary:

Future middle of the rotation starter w/4-pitch mix. Moves the fb around and gets s/m. Slider is an easy plus and plays nicely off fb. Curve has a bit more depth. Change is nice and firm, would like to see more of it. Throws plenty of strikes. Multi-sport athlete, tall very athletic kid w/ long levers but still a bit lanky, plenty of room to grow into his body. Height helps add deception, creates nice angles. Performed well in the summer. Competitor with good mound presence.

Future Role: B2

Probability: Poor

Dollar Comfort: \$1m
