From Clutter to Cleanup, We Handle It All

Before you call & get started with us today, here are the steps we do to remove and dispose of unwanted junk.

1. We offer a free estimate. The price varies by the number of items you plan to toss, their construction materials, and the path from the items' location to the truck.
2. If you agree with the price, we set an appointment and return to your home or business with a team and a dumpster truck.
3. You tell us the items' location, and our team carries them off the property onto the truck. We check each item to see if it's eligible for removal.
4. Our team cleans up the area.
5. We collect payment and take unwanted items to our facility.
6. We sort the items and send salvageable ones to recycling facilities, nonprofits, and charities first. The remainder goes to the landfill.

Chemicals, gas, oil, opened paint, pesticides, medicine, fireworks, ammunition, light bulbs, hazardous waste, toxic products, and asbestos are harmful to our employees and are too dangerous to transport. For our safety, we do not remove these items.

If you prefer to be hands-on with junk removal, we have a dumpster rental in Northcrest, TX. We drop off a dumpster outside your home or building and let you purge up to 2 to 3 tons of items at your pace for three days. We retrieve the dumpster

and take those unwanted items away. We will adjust pricing for longer days or more space for junk.
