The CARE Act is Now the Law in Massachusetts

Dear John,

We're pleased to announce that the Caregiver Advise, Record, Enable (CARE) Act is now state law!

The CARE Act supports family caregivers when their loved ones go into the hospital and as they transition home. The law requires hospitals to:

- Provide your loved one the opportunity to designate a caregiver
- Notify you when your loved one is to be discharged to another facility or back home
- Explain and demonstrate the medical tasks that you will need to perform at home, such as medication management, injections or wound care.
