

LOUNGE ALLURE

The blue and bronze Ravenclaw colours are the perfect choice for your living room.

Michael says, "Blue and bronze is one of the most on-trend colour schemes. In spaces with large windows, a deep, royal blue adds richness and drama. For smaller rooms with limited natural light, choose a blue that's one or two shades lighter."

Paint tips: Little Greene in Royal Navy and Craig and Rose's Artisan Gold Effect Paint.

BEWITCHING BATHROOM

Drawing on Slytherin's green and silver, this scheme combines the traditional with the modern.

Michael says, "Greens are calming and refreshing and create a spa-like feel. Colour-drenching the whole room in green makes a bold, Art Deco-style statement. Use a soft sage across the walls and ceiling and add silver through taps and light fixtures."

Paint tips: Benjamin Moore in Hunter Green and Farrow & Ball in Card Room Green.
